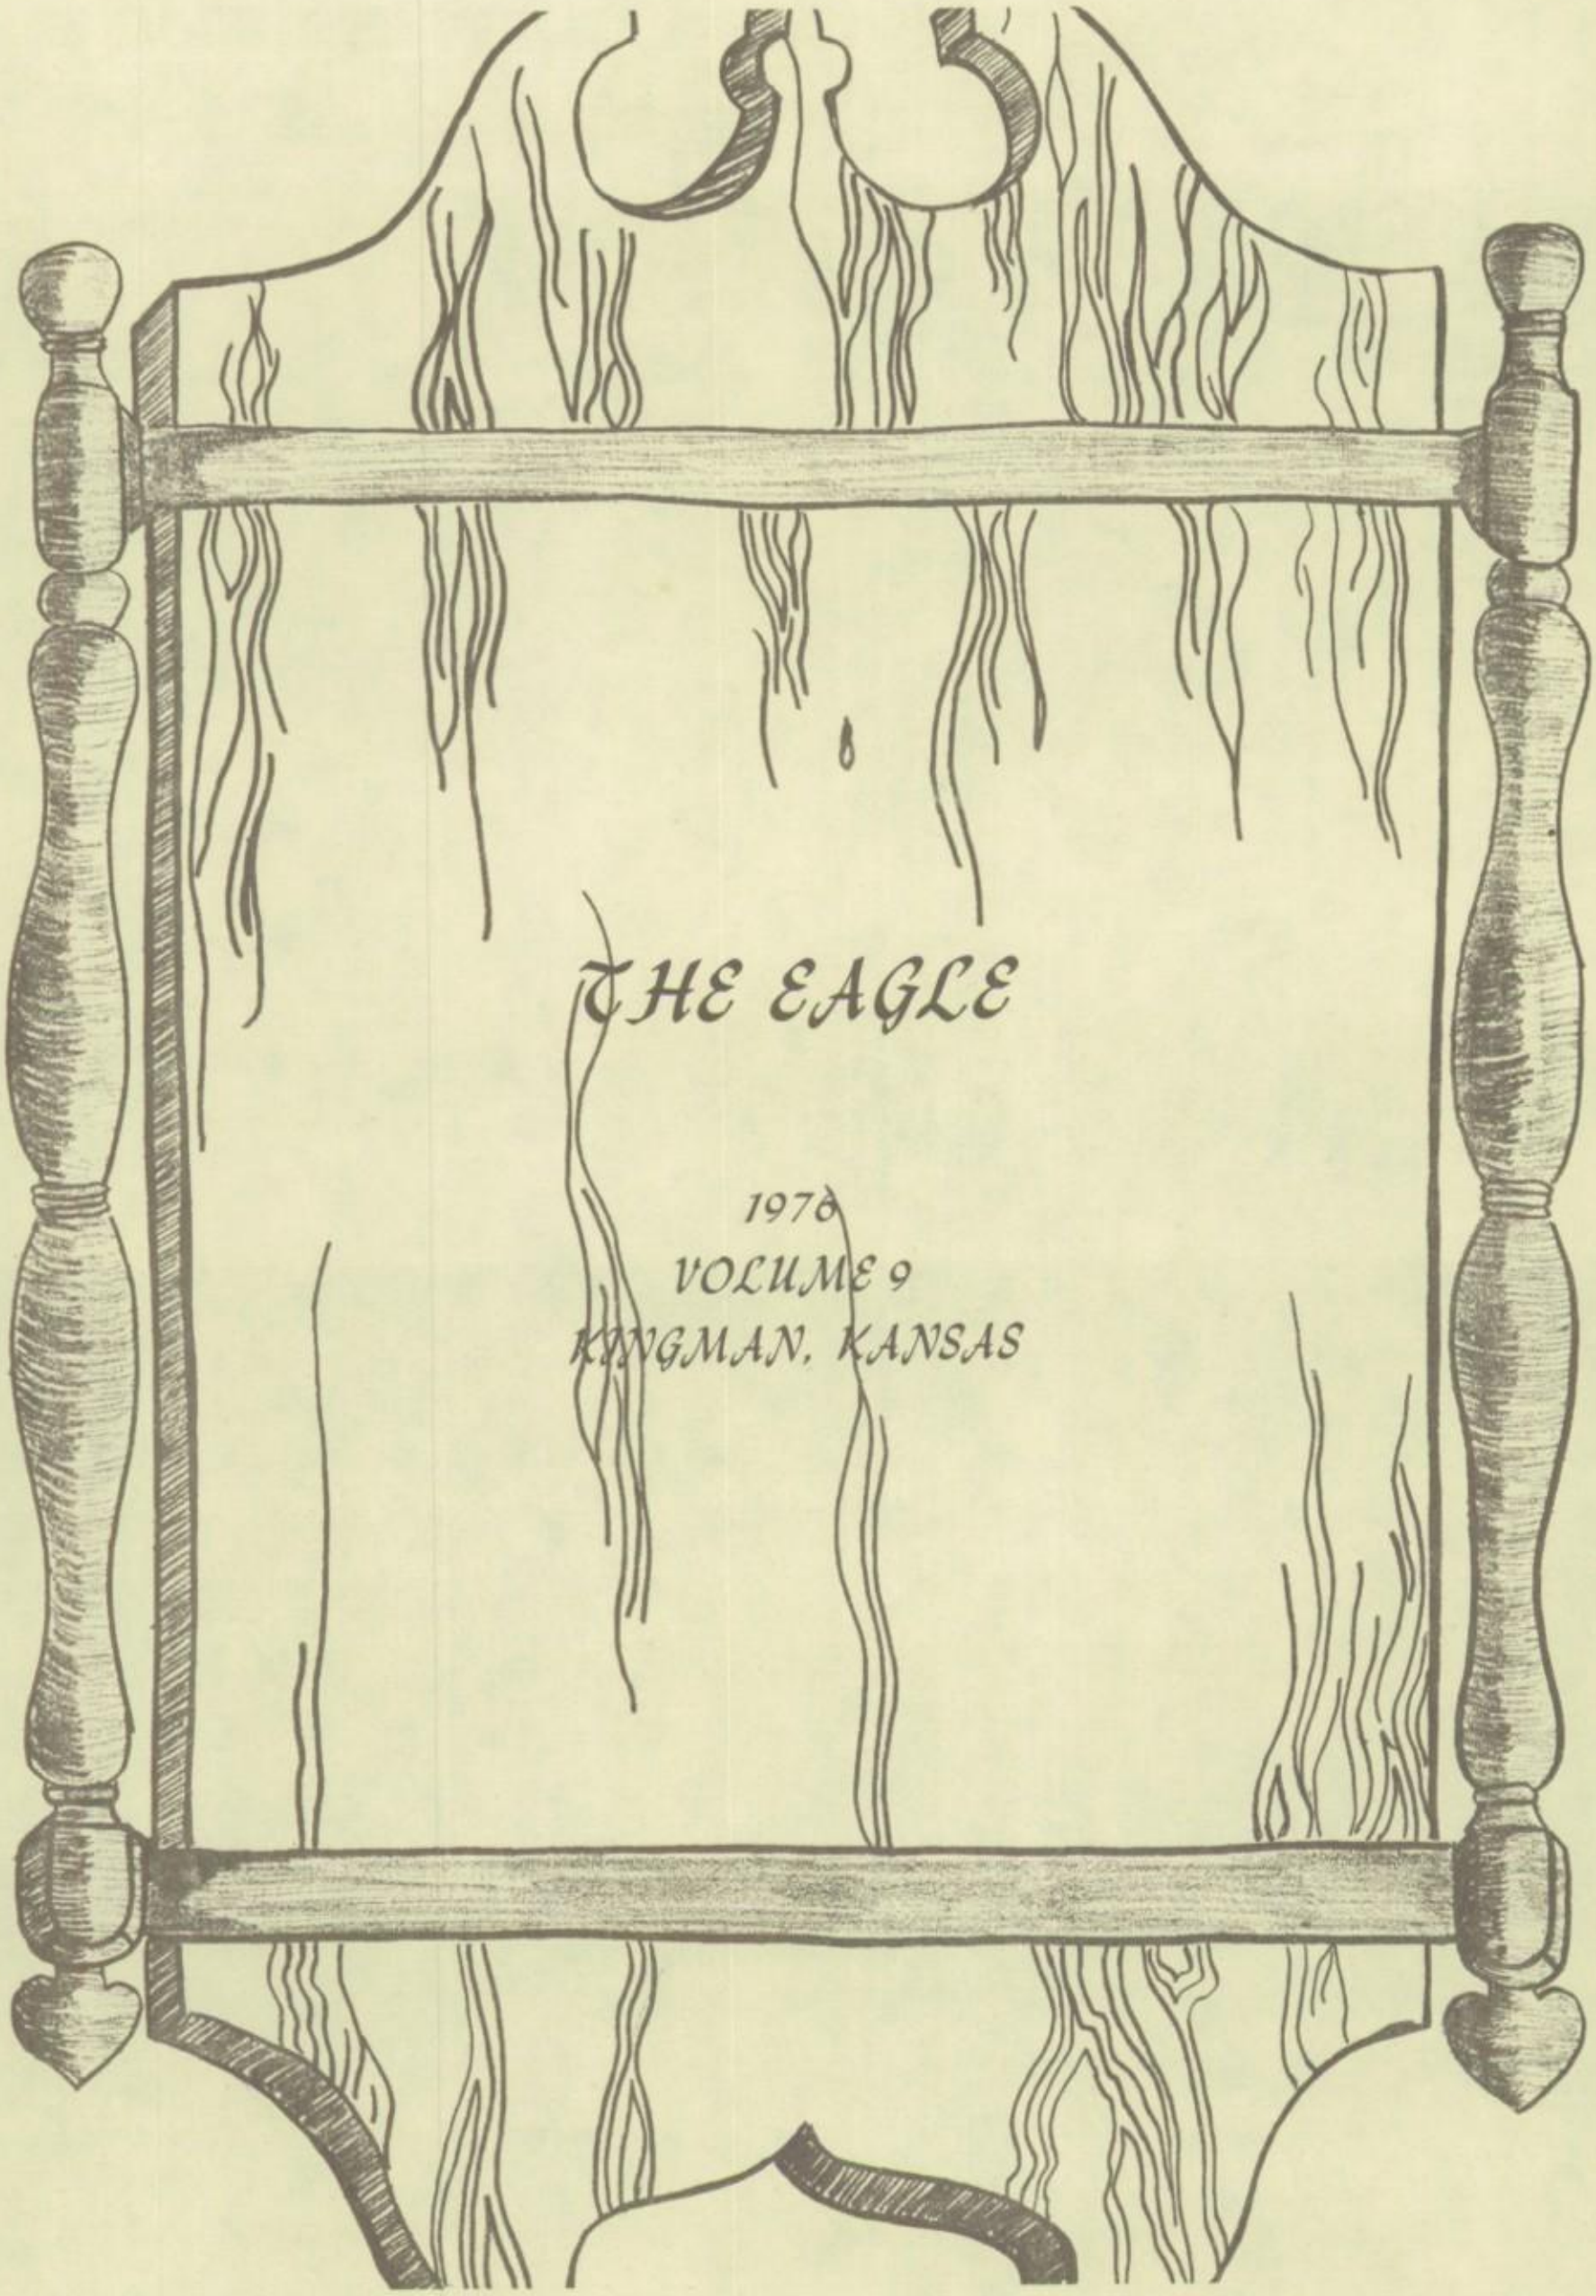
Kingman High School



THE EAGLE

1978

VOLUME 9

KINGMAN, KANSAS

The 1975-76 School Year Marks A Milestone In Our Lives. It Is Our Nation's 200th Birthday And It Is One We Should Be Rightly Proud Of. Although The Fact That The "American Dream" Our Forefathers Had May Still Be Unfulfilled. What Dream Ever Comes True In Its Entirety?

The Students Of KHS Have The Opportunity To Witness And Participate In This Great Historical Event. We, The Eagle Staff, Realizing This Once In A Century Chance, Decided To Help Observe And Commemorate This Occassion. We Have Tried To Do This Throughout The Book By Reminding Ourselves Of Our Heritage And By Placing Our School Mascot, The Eagle, The National Symbol Of Power, On The Cover. In Doing This We Hope To Rekindle The Ideals Exemplified By Our Forefathers.

Rob Lacio

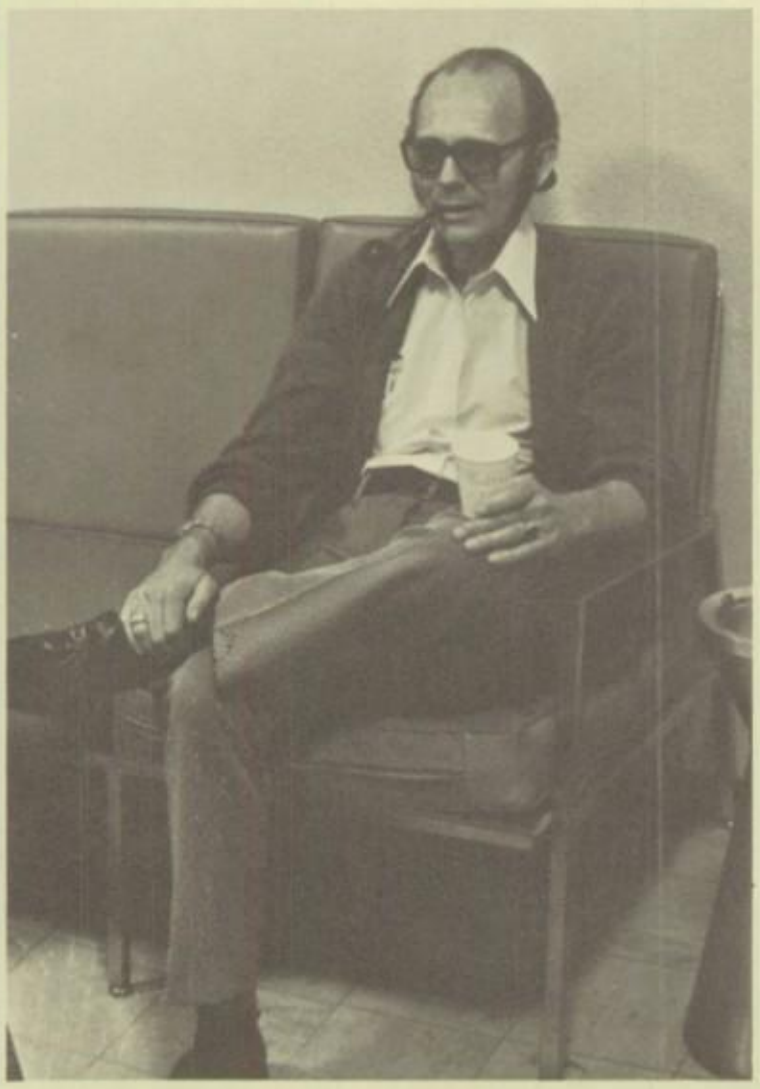
"Nineteen Hundred and Seventy Six, the year of the Bicentennial Senior! This will be a year we will truly remember. The leadership of the senior class has helped to make this year a very productive year. We have been very pleased with the overall attitude of the students at Kingman High School. It is our wish that all students have had a good experience at K.H.S. and will treasure their memories." LARRY CLARK, PRINCIPAL.



R.E. CRAIG
Band

PATTY DAMMEL
IRC

"I would like to take this opportunity to thank the students of K.H.S. for making my "Rookie Year" in guidance a very fulfilling and enjoyable experience. I would also like to wish each member of the class of '76 success in whatever they may choose to encounter." LON F LOYD, COUNSELOR

"What a great year to graduate from high school! Two hundred years after our beloved country declared its independence, the members of the class of 1976 experience a measure of independence in their own right. The "spirit of '76" once again prevails.

This has been a good year. The student body is to be congratulated for making it what it was. Memories of good times will long exist, friendships will remain, and most of all, the "spirit of '76" will permeate the halls of K.H.S. for years to come.

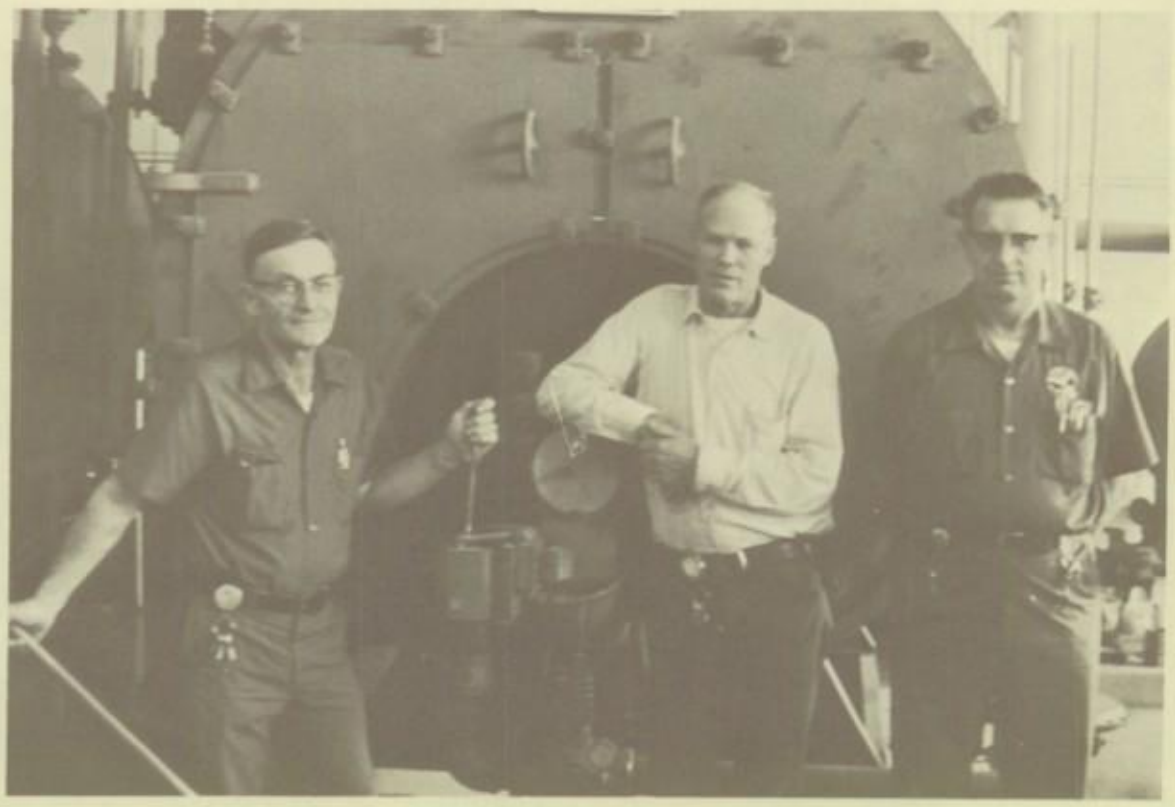
Best wishes to you all."
FRANCIS H. TAYLOR, Superintendent

1) Francis H. Taylor, Superintendent.
2) Left To Right--Gene Dutton, Vice Pres.; Terry Schrag; Pat Armour; Pat Matson, Pres.; Dwight Stephens; Gloyd Dixon; Pat Maloney.
3) Iris Krehbiel, Secretary to the superintendent.

"700 hamburger patties
50# flour
5 gallons pickle slices
80# french fries

Recipe for WHAT? Just one lunch at KHS, that's what." RUTH GORMAN

1) Cooks, Left To Right--Tessie Zerger, Norma Pfalser, Frances Anderson, Bonnie Krehbiel, Marie Goering, Head Cook. 2) Dietician, Ruth Gorman. 3) Custodians, Left To Right--Lloyd Campbell, Laurance Jayne, Curtis Thorne.



Bus Drivers; Back Row L--R; Red Foulk, Chuck Osner, Betty Kiger, Tom Richardson, Arlene Sparks, Bob Bowyer, Rita Leroux, Joe Woodson. Front Row L--R; Ernest Kiger, Elmer Spain, Jim James, Patrick McAdam, Sloan; Bus Barn Mascot. Not Pictured; Mel Hogg, and Bus Mechanic; Dennis Owens.

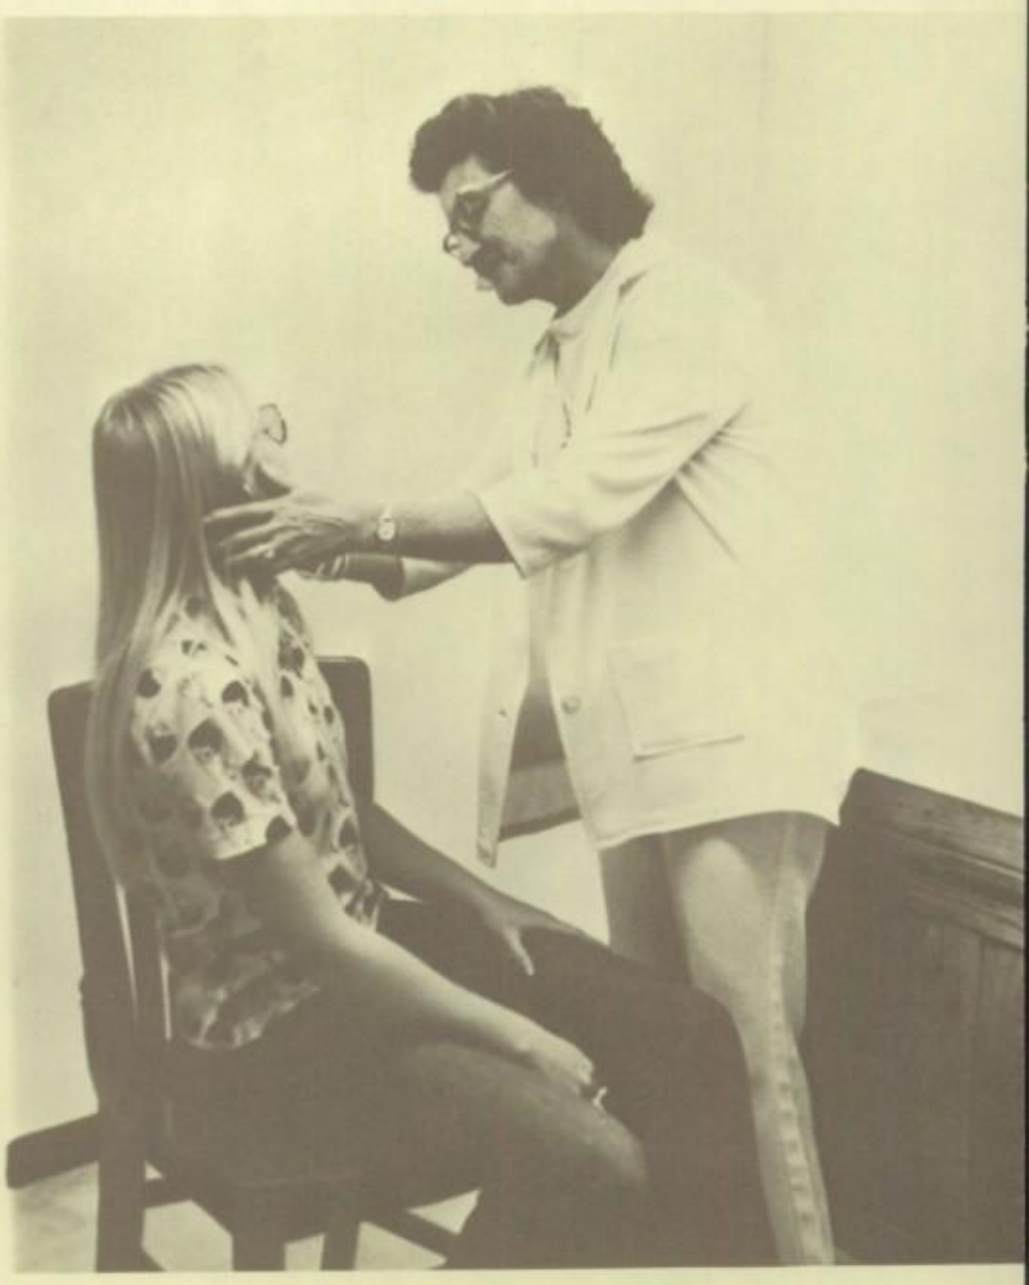
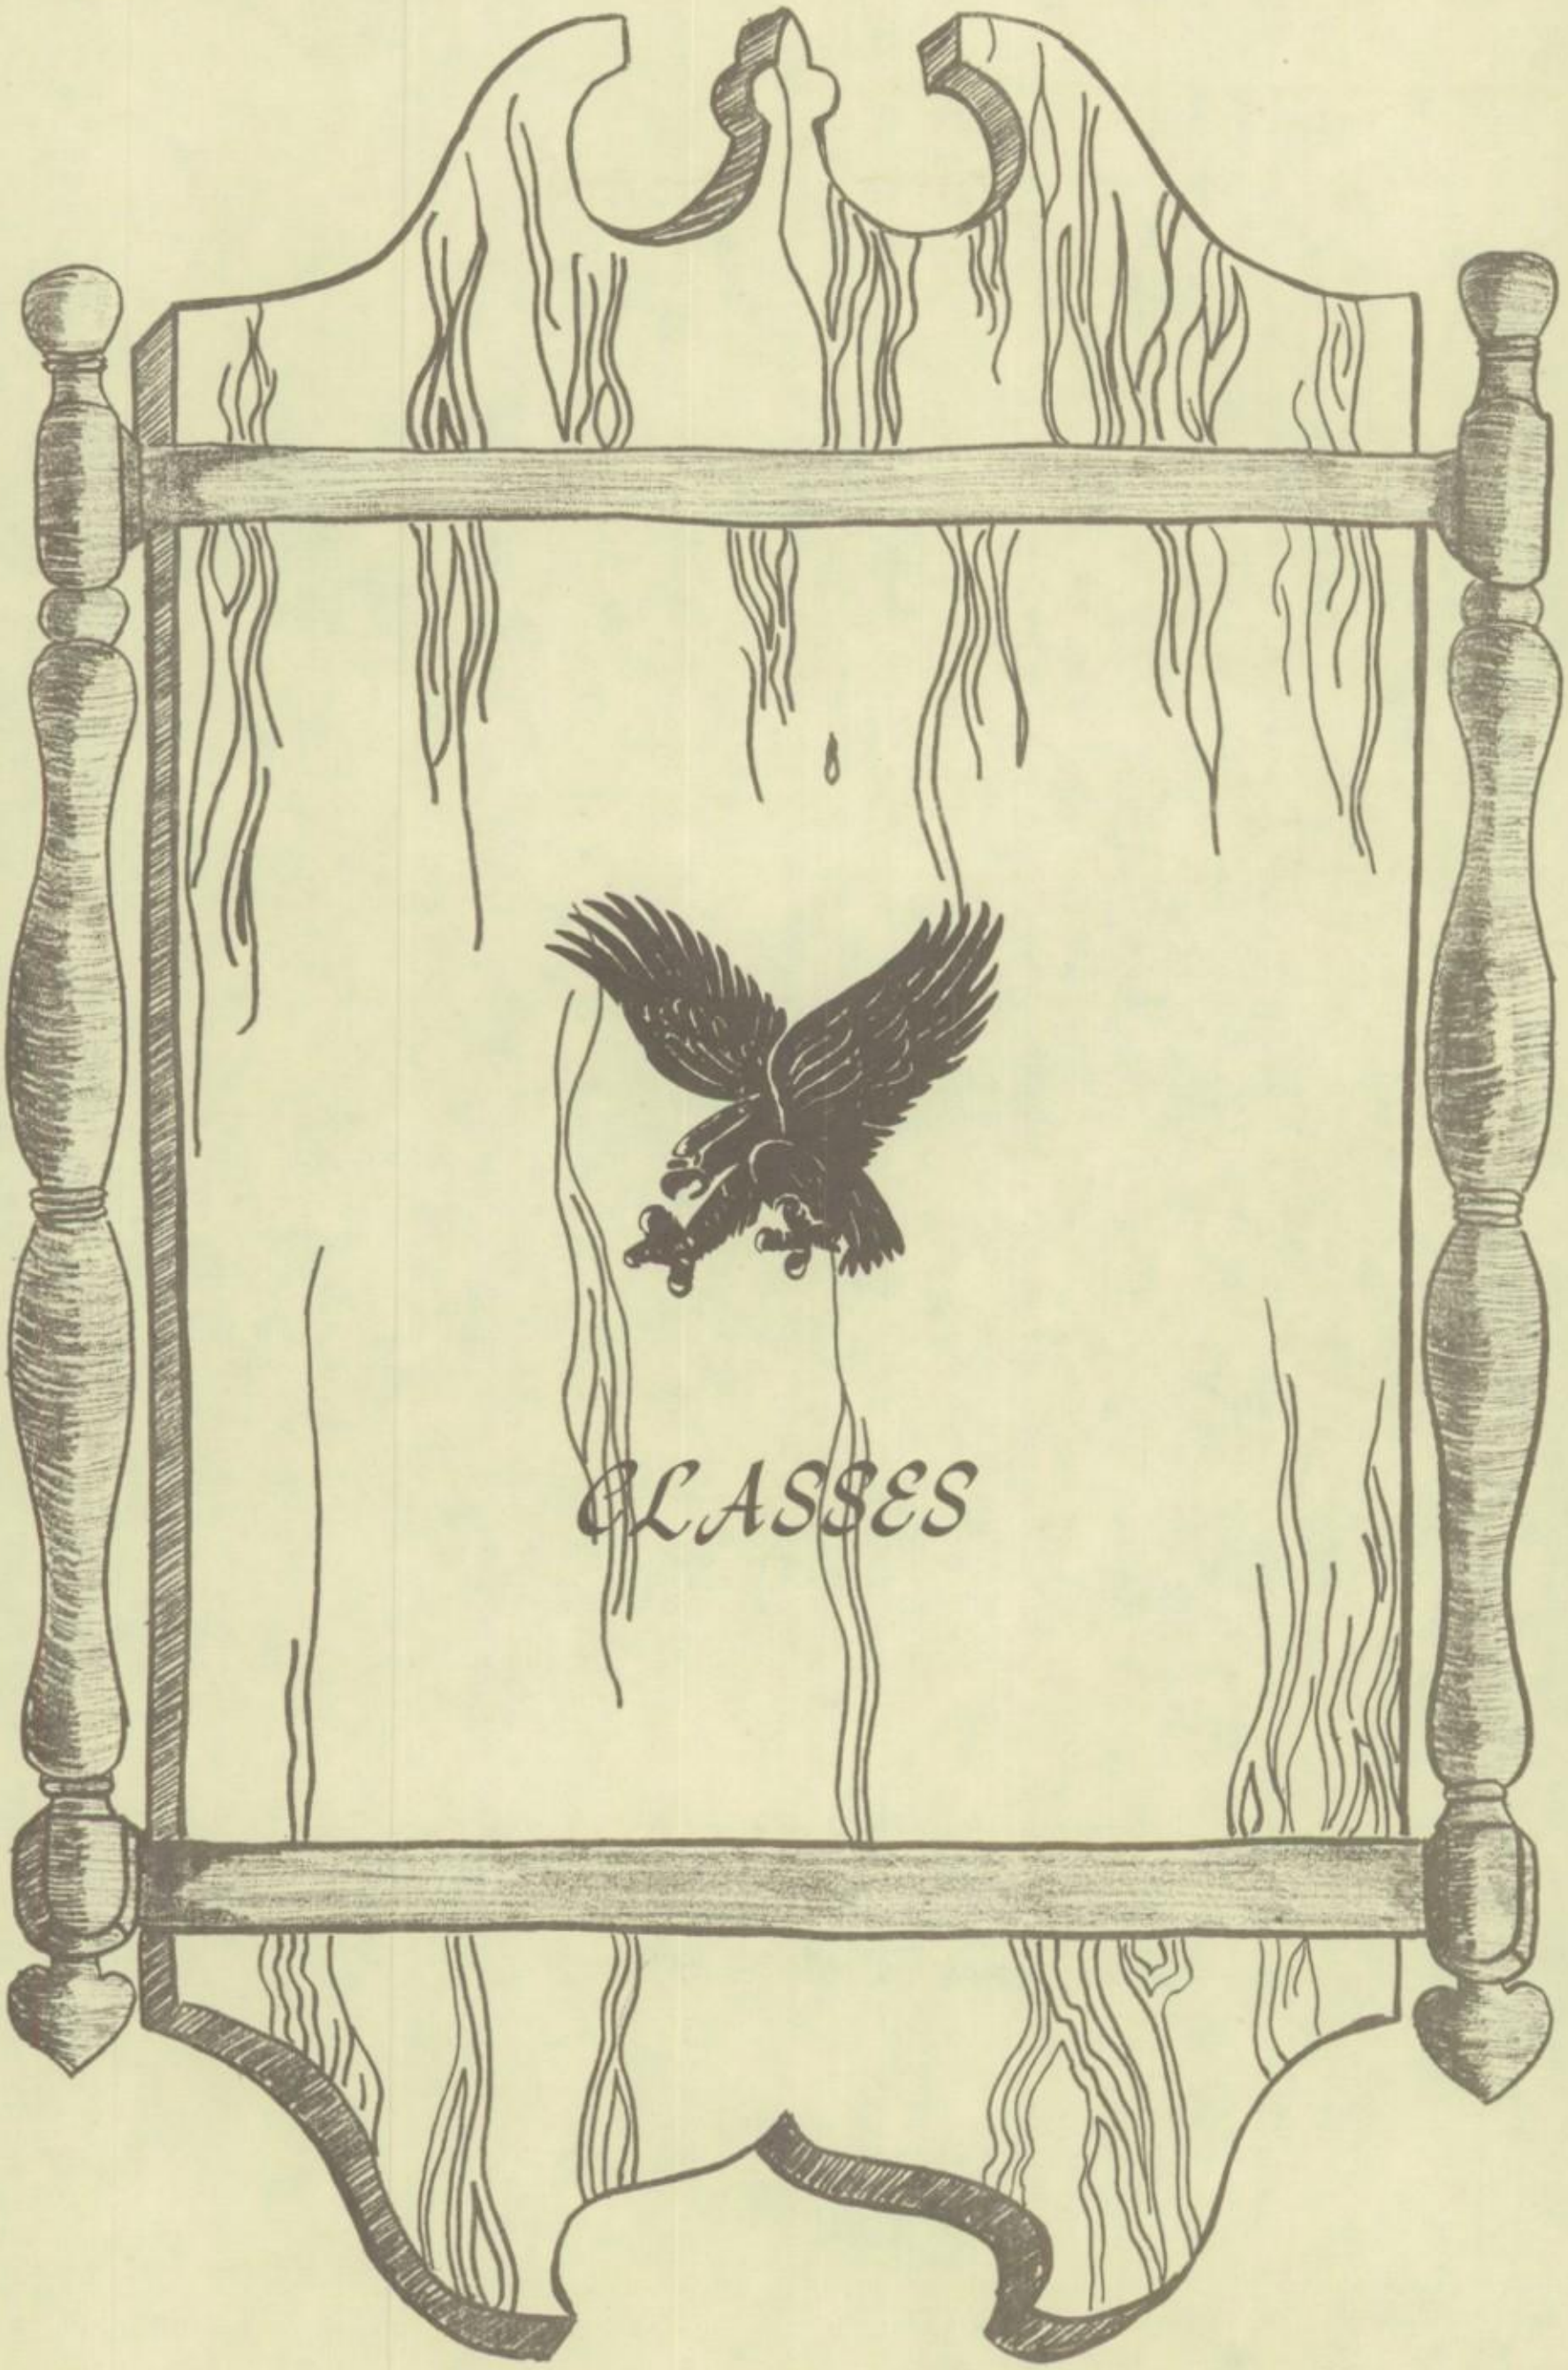
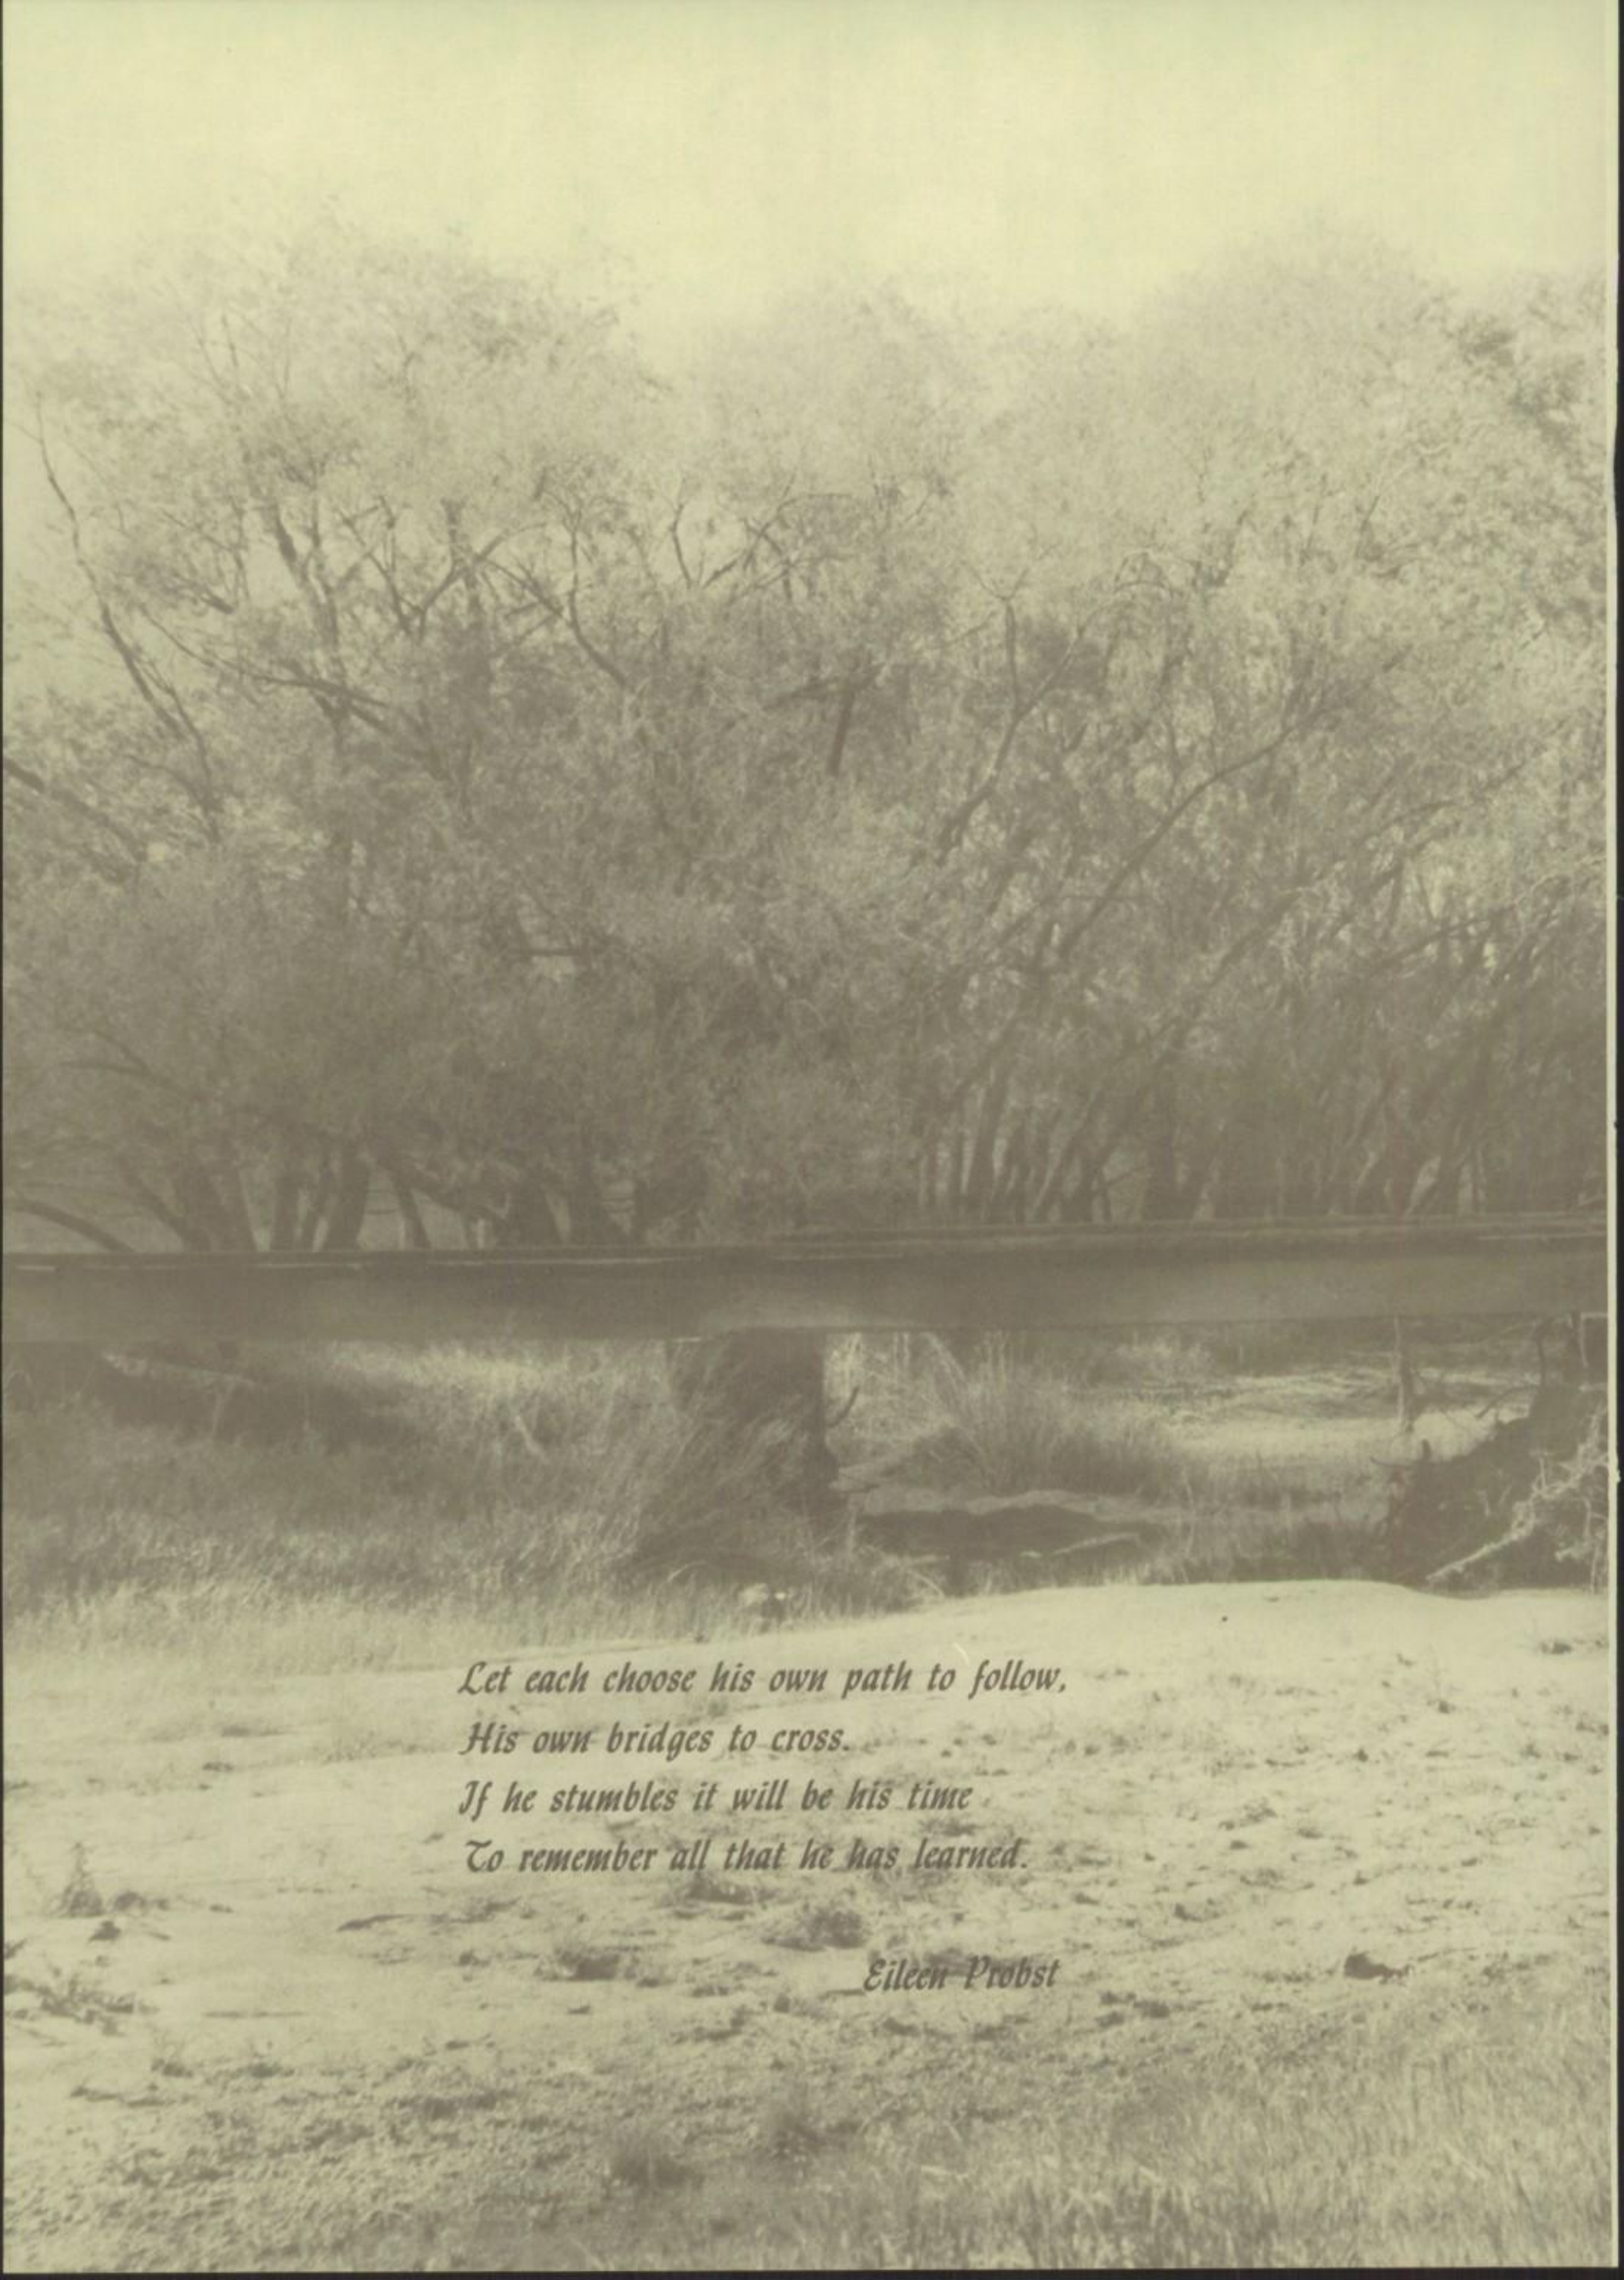
"One major improvement over past years is a marked reduction of school related accidents. A greater amount of emphasis placed on safety throughout this school year was one of the determining factors for the cut down on injuries."
BETH JONES





CLASSES



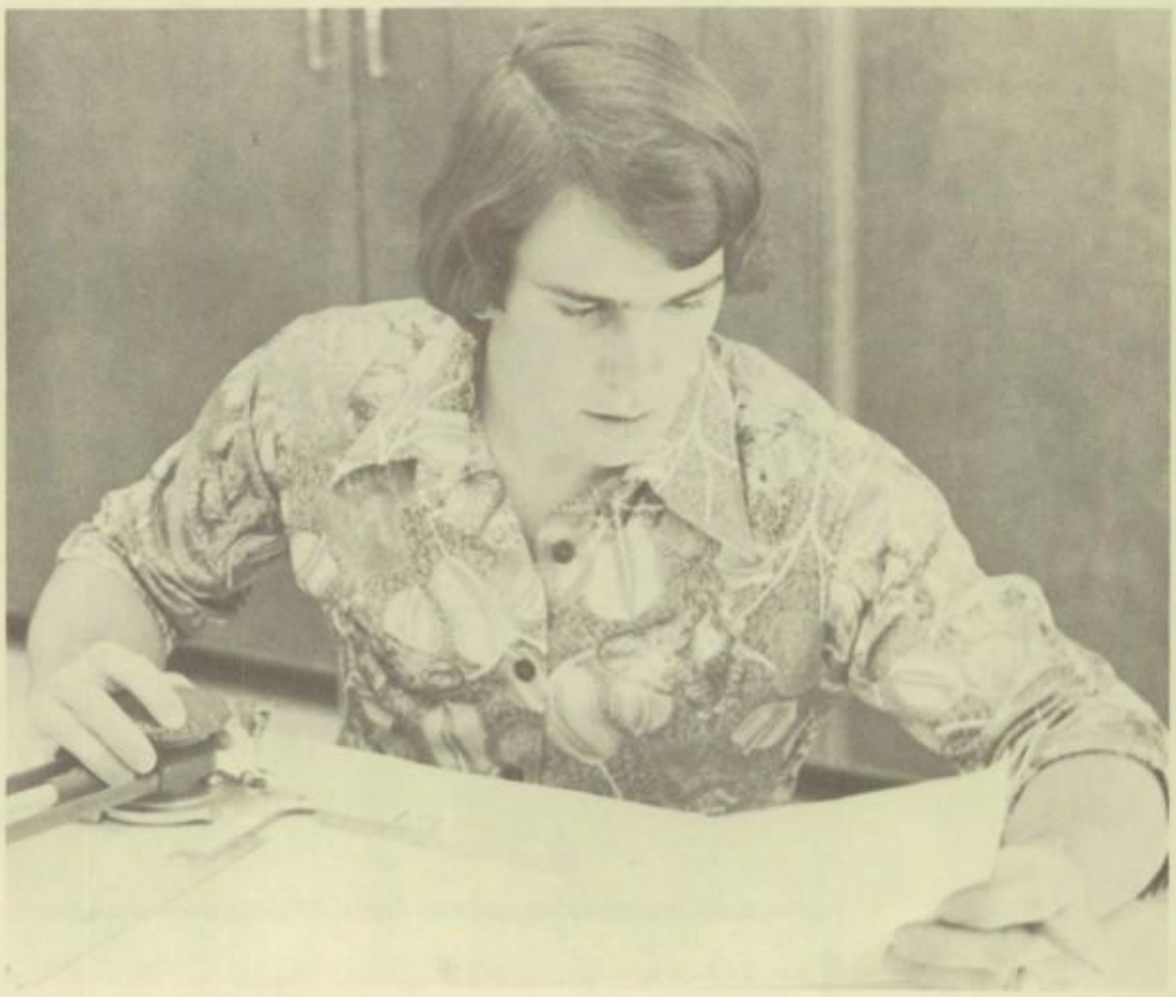
Let each choose his own path to follow,
His own bridges to cross.
If he stumbles it will be his time
To remember all that he has learned.

Eileen Probst

Denise Harbert-Secretary

Connie Simons-Vice President

Patti Vinopal-Treasurer



"The seniors this year had just a little bit of trouble getting the motto and the bulletin voted on. The bulletins seem to have been misplaced along with the motto. Eventually we got the motto back after Denise Harbert remembered the first line and Eileen Probst remembered the rest of the motto. Then after the bulletins were found everything was back in order." DAVE McGUIRE-PRESIDENT.

Patti Vinopal says to Deb Byers, "Faster, faster, here he comes!"

In This Year of the United States Bicentennial, we as a yearbook staff feel that a few pages should be dedicated to our nation's heritage. For as a history book records and remembers the highlights of history, so does a yearbook record the happenings during a high school year. We feel that the Bicentennial has been very much a part of this high school year and should be included in our own "history book." The chance to honor the country which made Kingman High School possible does not come every year. We hope you will enjoy these next few pages as they take you back in time to the beginning of our great nation.

1776

1976

THE FIRST 200 YEARS

A knowledge of American history is an invitation to experience the accomplishment, drama, tragedy and hope of an infant nation struggling to grow up. Sturdy, determined pioneers hacked away at the edges of a raw continent and, with blunders and achievements alike, modeled a country with a spirited nature and a united commitment to individual liberty for every one of its citizens. Americans, great and not so great, have given us a heritage to carry on and improve upon. Farmers and soldiers, industrialists and merchants, dreamers and leaders, are all there in two centuries of progress.

But the maturing isn't finished. You'll find the boundaries of growth as endless today as when our forefathers first envisioned them. You can seek out your own destiny with the wisdom and judgement which comes with re-creation of the past. Your knowledge, dreams and industry will carry on through many more centuries of living history.

IN CONGRESS, JULY 4, 1776.

The unanimous Declaration of the thirteen united States of America,

When in the course of human events it becomes necessary for one people to dissolve the political bands which have connected them with another, and to assume among the powers of the earth, the separate and equal station to which the Laws of Nature and of Nature's God entitle them, a decent respect to the opinions of mankind requires that they should declare the causes which impel them to the separation. — We hold these truths to be self-evident, that all men are created equal, that they are endowed by their Creator with certain unalienable Rights, that among these are Life, Liberty and the pursuit of Happiness. — That to secure these rights, Governments are instituted among Men, deriving their just powers from the consent of the governed, — That whenever any Form of Government becomes destructive of these ends, it is the Right of the People to alter or to abolish it, and to institute new Government, laying its foundation on such principles and organizing its powers in such form, as to them shall seem most likely to effect their Safety and Happiness. Prudence, indeed, will dictate that Governments long established should not be changed for light and transient causes; and accordingly all experience hath shewn, that mankind are more disposed to suffer, while evils are sufferable, than to right themselves by abolishing the forms to which they are accustomed. But when a long train of abuses and usurpations, pursuing invariably the same Object evinces a design to reduce them under absolute Despotism, it is their right, it is their duty, to throw off such Government, and to provide new Guards for their future security. — Such has been the patient sufferance of these Colonies; and such is now the necessity which constrains them to alter their former Systems of Government. The history of the present King of Great Britain is a history of repeated injuries and usurpations, all having in direct object the establishment of an absolute Tyranny over these States. To prove this, let Facts be submitted to a candid world. —

He has refused his Assent to Laws, the most wholesome and necessary for the public good. —

He has forbidden his Governors to pass Laws of immediate and pressing importance, unless suspended in their operation till his Assent should be obtained; and when so suspended, he has utterly neglected to attend to them. —

He has refused to pass other Laws for the accommodation of large districts of people, unless those people would relinquish the right of Representation in the Legislature, a right inestimable to them and formidable to tyrants only. —

He has called together legislative bodies at places unusual, uncomfortable, and distant from the depository of their public Records, for the sole purpose of fatiguing them into compliance with his measures. —

He has dissolved Representative Houses repeatedly, for opposing with manly firmness his invasions on the rights of the people. —

He has refused for a long time, after such dissolutions, to cause others to be elected; whereby the Legislative powers, incapable of Annihilation, have returned to the People at large for their exercise; the State remaining in the mean time exposed to all the dangers of invasion from without, and convulsions within. —

He has endeavoured to prevent the population of these States; for that purpose obstructing the Laws for Naturalization of Foreigners; refusing to pass others to encourage their migrations hither, and raising the conditions of new Appropriations of Lands. —

He has obstructed the Administration of Justice, by refusing his Assent to Laws for establishing Judiciary powers. —

He has made Judges dependent on his Will alone, for the tenure of their offices, and the amount and payment of their salaries. —

He has erected a multitude of New Offices, and sent hither swarms of Officers to harass our people, and eat out their substance. —

He has kept among us, in times of peace, Standing Armies without the Consent of our legislatures. —

He has affected to render the Military independent of and superior to the Civil power. —

He has combined with others to subject us to a jurisdiction foreign to our constitution, and unacknowledged by our laws; giving his Assent to their pretended Acts of legislation, for quartering large bodies of armed troops among us: —

For protecting them, by a mock Trial, from punishment for any Murders which they should commit on the Inhabitants of these States: —

For cutting off our Trade with all parts of the world: —

For imposing Taxes on us without our Consent: —

For depriving us in many cases, of the benefits of Trial by Jury: —

For transporting us beyond Seas to be tried for pretended offences —

For abolishing the free System of English Laws in a neighbouring Province, establishing therein an Arbitrary government, and enlarging its Boundaries so as to render it at once an example and fit instrument for introducing the same absolute rule into these Colonies: —

For taking away our Charters, abolishing our most valuable Laws, and altering fundamentally the Forms of our Governments: —

For suspending our own Legislatures, and declaring themselves invested with power to legislate for us in all cases whatsoever. —

He has abdicated Government here, by declaring us out of his Protection and waging War against us. —

He has plundered our seas, ravaged our Coasts, burnt our towns, and destroyed the lives of our people. —

He is at this time transporting large Armies of foreign Mercenaries to compleat the works of death, desolation and tyranny, already begun with circumstances of Cruelty & perfidy scarcely paralleled in the most barbarous ages, and totally unworthy the Head of a civilized nation. —

He has constrained our fellow Citizens taken Captive on the high Seas to bear Arms against their Country, to become the executioners of their friends and Brethren, or to fall themselves by their Hands. —

He has excited domestic insurrections amongst us, and has endeavoured to bring on the inhabitants of our frontiers, the merciless Indian Savages, whose known rule of warfare, is an undistinguished destruction of all ages, sexes and conditions. In every stage of these Oppressions We have Petitioned for Redress in the most humble terms. Our repeated Petitions have been answered by repeated injury. A Prince, whose character is thus marked by every act which may define a Tyrant, is unfit to be the ruler of a free people. Nor have We been wanting in attentions to our British brethren. We have warned them from time to time of attempts by their legislature to extend an unwarrantable jurisdiction over us. We have reminded them of the circumstances of our emigration and settlement here. We have appealed to their native justice and magnanimity, and we have conjured them by the ties of our common kindred to disavow these usurpations, which would inevitably interrupt our connections and correspondence. They too have been deaf to the voice of justice and of consanguinity. We must, therefore, acquiesce in the necessity, which denounces our Separation, and hold them, as we hold the rest of mankind, Enemies in War, in Peace Friends. —

We, therefore, the Representatives of the united States of America, in General Congress, Assembled, appealing to the Supreme Judge of the world for the rectitude of our intentions, do, in the Name, and by the authority of the good People of these Colonies, solemnly publish and declare, That these United Colonies are, and of Right ought to be Free and Independent States; that they are Absolved from all Allegiance to the British Crown, and that all political connection between them and the State of Great Britain, is and ought to be totally dissolved; and that as Free and Independent States, they have full Power to levy War, conclude Peace, contract Alliances, establish Commerce, and to do all other Acts and Things which Independent States may of right do. — And for the support of this Declaration, with a firm reliance on the protection of divine Providence, we mutually pledge to each other our Lives, our Fortunes and our sacred Honor.

"Everything that is right or reasonable pleads for separation. The blood of the slain, the weeping voice of nature cries, 'tis time to part'." — *Thomas Paine*.

CHAPTERS OF AMERICAN HISTORY

The Stamp Act of 1765 was an attempt by England to tax items that were wholly American. The colonists reacted in seething resentment which erupted into angry protestations. The first blood of the American Revolution was spilled during one such incident at Boston in 1770. Several Americans lost their lives over a snowball thrown at a British sentry.

In the fight to achieve commerce equality, the United States found itself in a naval war over shipping lanes. Fort McHenry was heriocally held during a British naval bombardment, and the stars and stripes still flew after a night of hard fighting. The next morning Francis Scott Key penned the immortal words of what would become the national anthem.

Settlers had to have permanent access to the new lands, so canals and bridges were built to carry stages and wagon trains loaded with machinery destined for settlements in the West. The pioneers foresaw great wealth in the cheap acreage that was available.

Frontiersmen cleared the wilderness, built settlements and drove back the Indians. The Pony Express and the telegraph became primary means of communication.

Agriculture was the wealth of the country. American inventions of the time were often related to working the soil. The McCormick Reaper, mowing machines, textile looms and the cotton gin were instrumental in the settling of new frontiers.

In 1848, James Marshall found gold in the race of a sawmill he was building for John Sutter at Coloma, California. The lust to "get rich quick" was the force behind this biggest and gaudiest gold rush ever.

While "gold rush fever" gripped the country, states were increasingly more divided on the slavery issue. Civil war broke out in the East. This "Brothers War" was bitterly fought and, though the scars remain even today, slavery was abolished.

Cities grew at an alarming pace, often without regard to the limits of safety. The great Chicago fire of 1871 burned the bustling cattle market empire beyond recognition. But the pioneer spirit was not broken. Chicagoans began rebuilding and preparations were underway to celebrate the 100th birthday of the country.

The "Iron Horse," carrying homesteaders, greatly helped settlement of the new country. The first transcontinental railroad connected the country at Promontory Summit, Utah, on May 10, 1869.

Transportation was setting the pattern for the American way of life. The country became a mobile society with electric trolleys, automobiles, farm machinery, and bicycles, all the rage. Along with the accessibility of travel came a new era of nationalism.

A World War called upon the nation's young men to unite and fight. After the war in Europe, the nation pulled itself together and industry flourished once again. A carefree America buried war memories in the new moving pictures, telephones, light bulbs, electric generators, stock market ticker tape machines, phonographs and a wealth of inventions from the fertile minds of its young inventors. Baseball became the national sport and prohibition was law.

Black Thursday, October 24, 1929, saw the American stock market crash to the lowest level in history. Panic set in as the unemployment level skyrocketed. The country was in its worst economic crisis. Slowly, but surely, the wounds of the "crash," the "dust bowl," and poverty healed.

RATION STAMP NO. 46
RATION STAMP NO. 47

The steel industry geared up for the revival while rumors were whispered in the Roosevelt administration of another impending war. The nation's leaders scoffed, until December 7, 1941 Pearl Harbor!

Industrial production reached a peak during the war years. Upon their return from four years of battle, the veterans forged ahead with an eye on a "better life for everyone." Several moderate recessions in the 50's and 60's reminded cautious citizens of past decades.

Huge strides were being taken in the scientific field. Television became a part of every family's life. National events were household topics — while they happened — thanks to the new medium. Individuals and groups were seen "on the tube" as they advocated new social reform, or justice, or special causes of their own. TV gave individuals and political systems power greater than ever before. Audio-visual journalism had made its impact.

Nearly 100 years of strggling for civil liberties were realized when President Lyndon Baines Johnson signed the Civil Rights Act of 1964 into law. The Act outlawed segregation in any form.

The seventies shed light on a new trouble for the nation as it approached its 200th birthday. The world's energy sources and natural resources were being used up faster than they could be replenished. Americans once again waded into a new frontier. The "energy crisis" and "ecology" were prominent words in the language. Ways to save nature from the neglect of mankind and ways of preserving precious fuel without damaging that balance of nature were the objectives of Americans across the country.

Earth's crises spurred Americans into further pioneering. This time outer space. American astronauts were the first on the surface of the moon and the U.S. was first to build a "skylab" for more scientific study.

American is still learning and growing after a mere 200-year infancy. The original determination of our forefathers was told again in the words of Neil Armstrong as he made the first step on the moon "a small step for man, but a giant step for mankind."

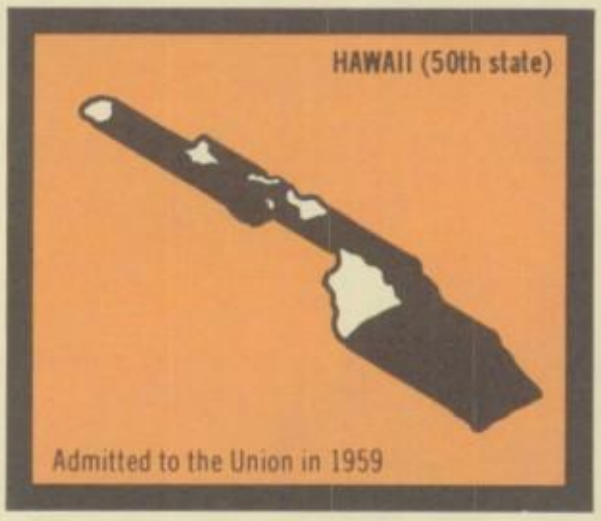
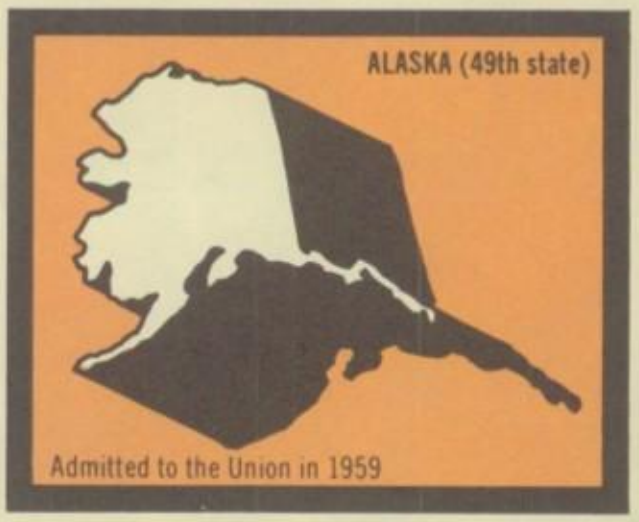
THE CHANGING NATION





Ownership of land had been just a dream to most of the colonists from feudal England. With the great expanse of cheap land opening up in the West, the dream became reality.

The Louisiana Purchase of 1803 opened the first sizable frontier in the Midwest, but the nation was not ready for it yet. It took a growing market in the East, where land was getting high-priced and scarce, and development of good transportation, to really start the frontier movement.

The Gold Rush caused hordes of settlers to take various routes to the Pacific Coast and its yellow riches. The railroads brought farmers and ranchers, along with the miners, who decided to stop all along the routes and build their homes. Railroads were instrumental in the quick civilization of the West, bringing people in numbers so large that the resentful Indians were finally pushed back into unwanted and infertile areas.

America became a haven for immigrants from every nation as freedom beckoned them to the teeming cities of the East, the plains, and the rich west coast farmlands.

Sick of the Civil War and with their own lands divided up and lost, many Southerners set out to "begin again" in the virgin territories. "Westering" soon became the national tradition as North and South moved together toward a new life. Americanism was advanced socially, by the hard-working, bare-fisted types who settled the frontiers.

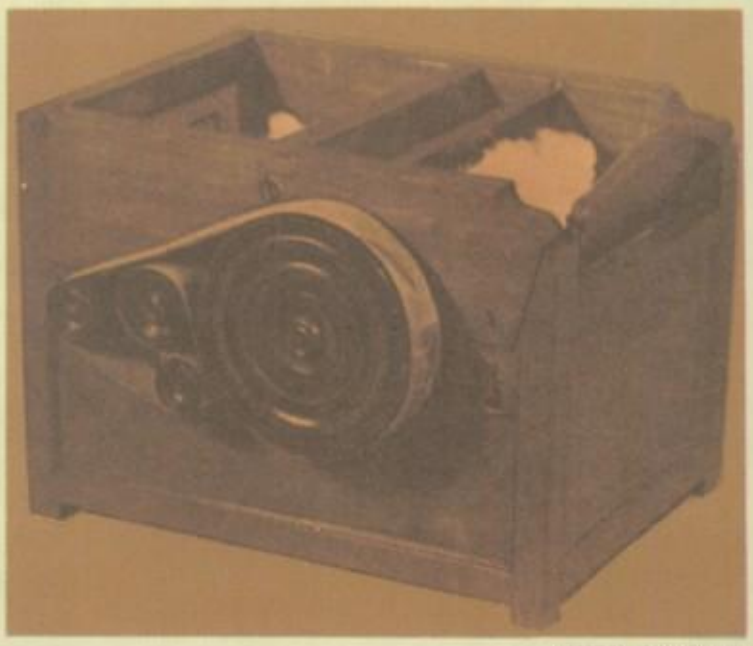
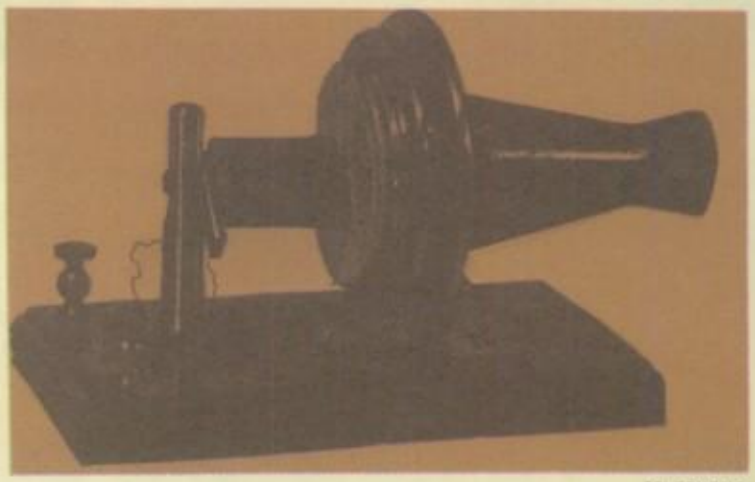
NECESSITY IS THE MOTHER OF . . .

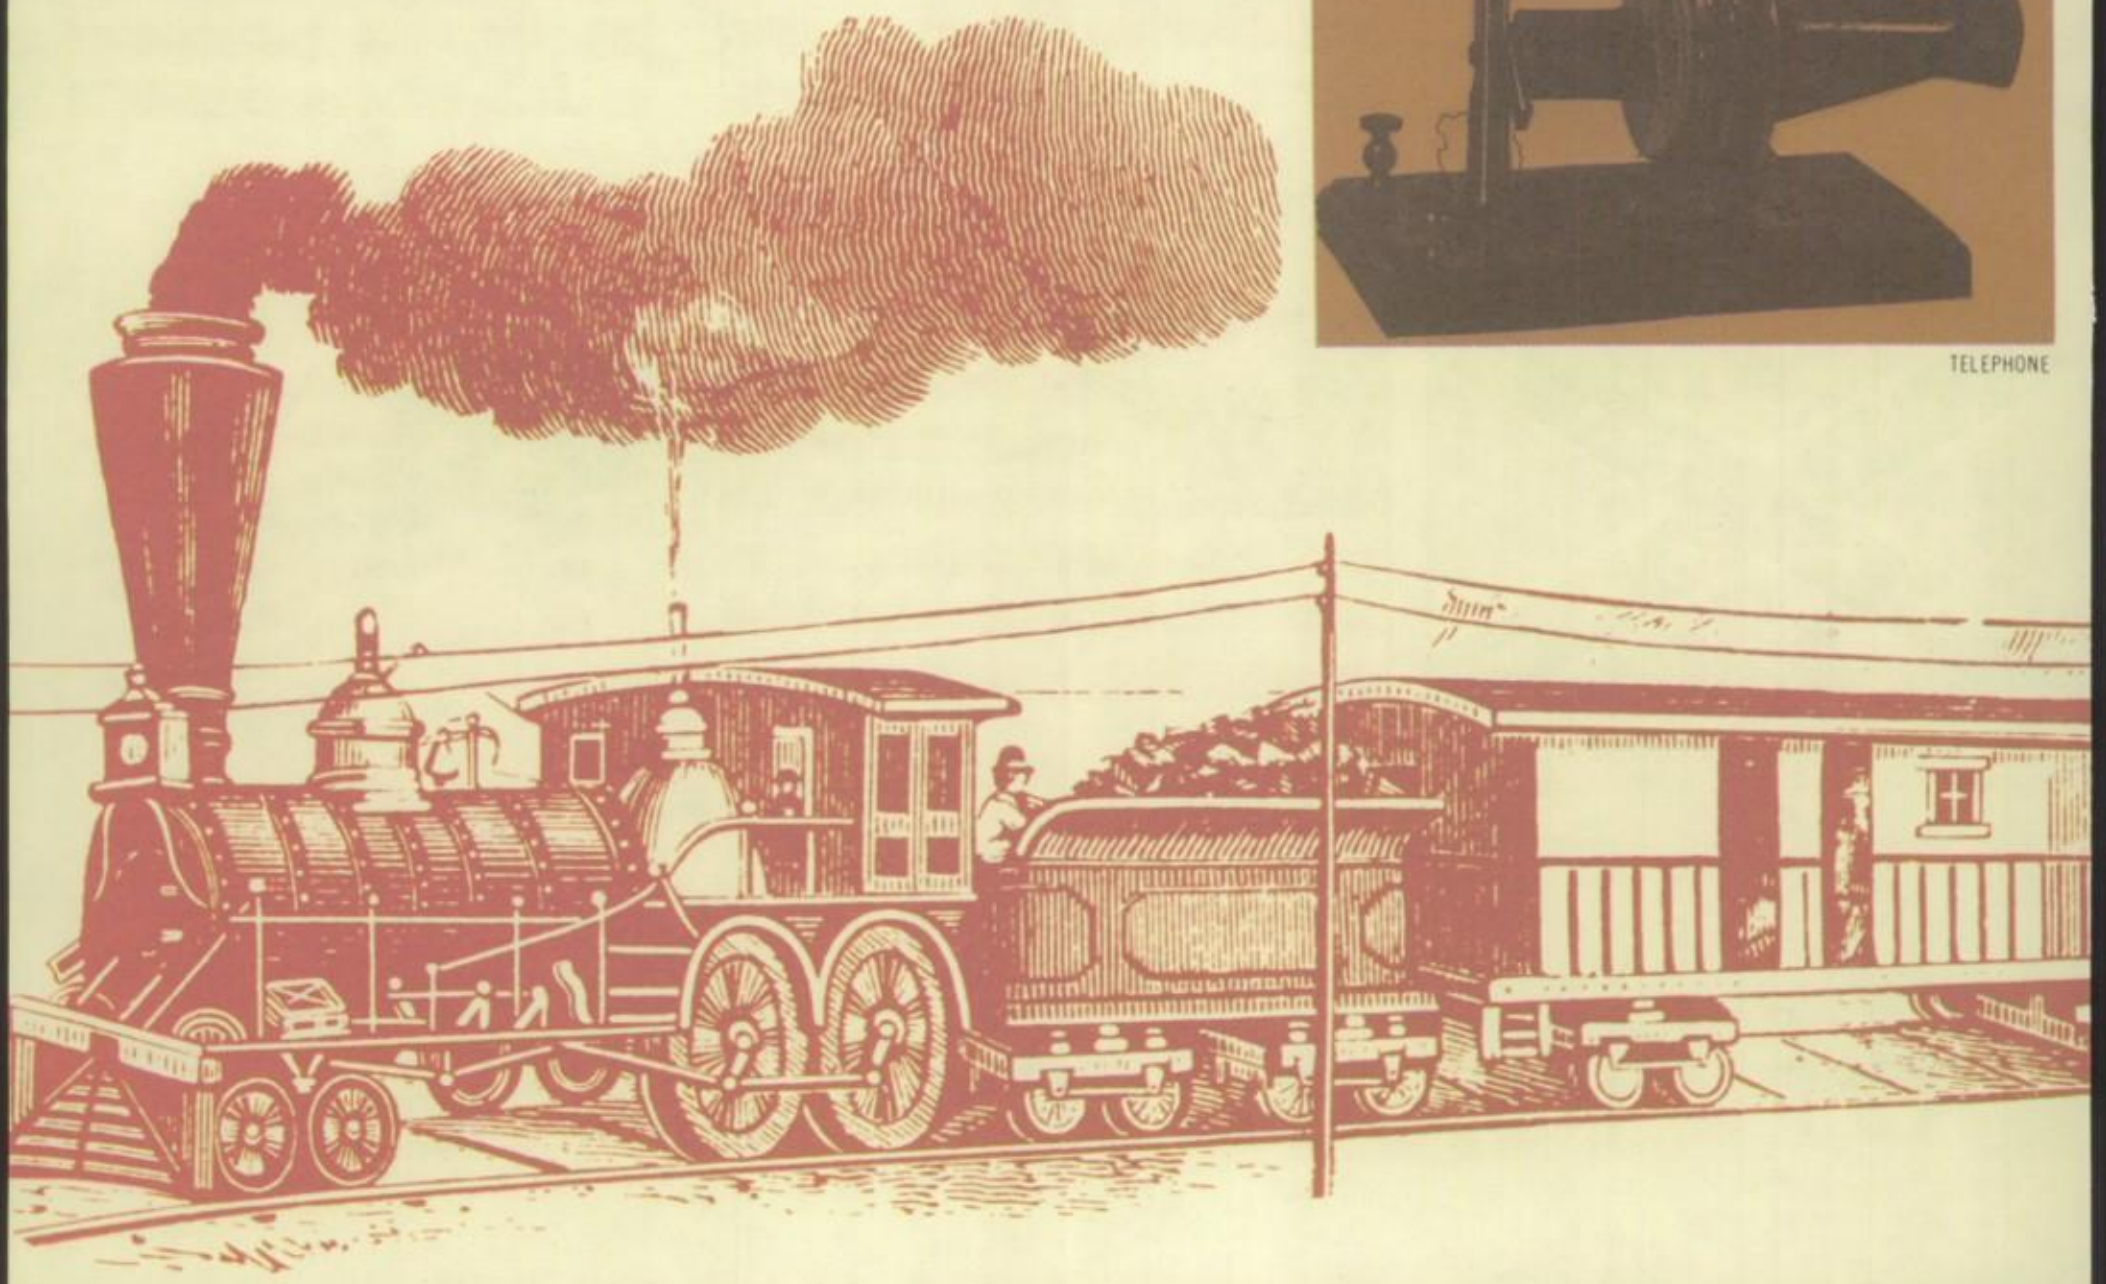


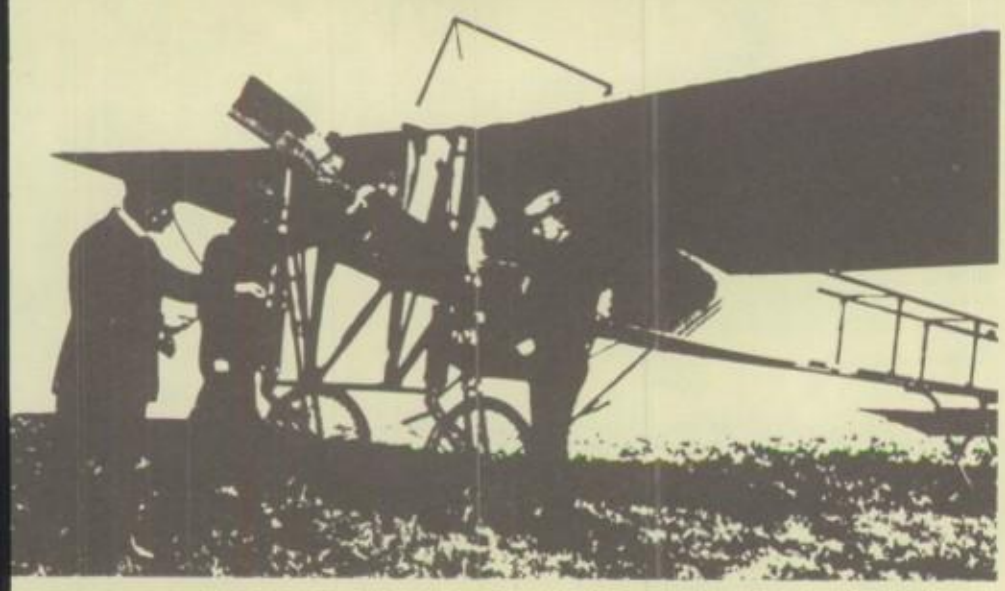
COTTON GIN (Model)

SUBMARINE



TELEPHONE





DRILL PRESS

PHONOGRAPH

Without realizing it, England instilled in the colonists the individual purpose and ingenuity that necessity breeds. With trade goods cut to a minimum, determined young leaders of the time set out to find ways of surviving without support from the Mother Country.

Agricultural methods and machines and labor saving devices were designed by our forefathers. As frontiers opened, Yankee genius had to conquer natural barriers in the wild new country, so suspension bridges were invented and methods of transportation were perfected for the purpose of opening the untamed areas. Later, they sought to section off the land with the revolutionary and controversial invention — barbed wire.

Cooper's 1-horsepower **Tom Thumb** train in 1830 and later, automobiles like the first Model T, and the 4-horsepower airplane ; became American modes of travel from city to city and coast to coast.

Americans knew that the fertile lands of this nation would produce unequalled harvests if machines were designed to take over for man. They knew also that trade routes were difficult to travel and manufacturing would have to be done close to home. The cotton gin, textile looms, drill presses and a reaper which could cut six times as much grain as a hand scythe were some of the tools invented.

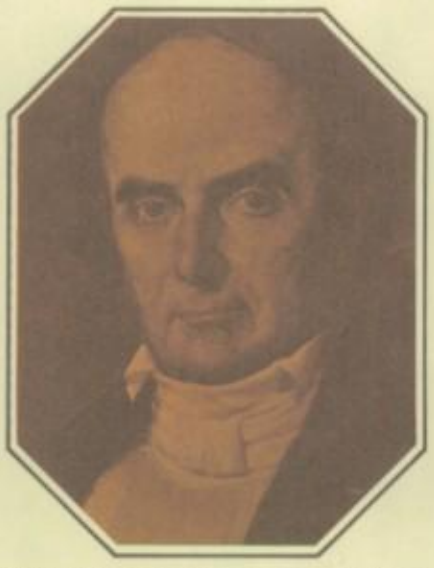
Protection for themselves and for their young country prodded inventors like Eli Whitney to perfect firearms and others to work on plans for the first submarine. Young inventors like Alexander Graham Bell and Thomas Edison (called the nation's most valuable citizen) visualized machines that would light the country and open up communication with those in the far corners of the nation. The telephone, telegraph, phonograph and the first light bulb were discovered in the late 1800's and early twentieth century. This American way of doing for oneself inspired many to become inventors in their own right. Some sought to save labor and mass-produce for profit while others envisioned not only riches, but excitement and adventure as they discovered ways to defy nature.

Throughout the past 200 years the American mind has been unleashed to take whatever paths necessary to fulfill the needs. In the last half-century, the pace of discovery has been overwhelming and inventions for the taming of the universe lie in the grasp of America while the habit of "finding a way" is ingrained in its people. The seeds of industrial America were sown by these inventors resulting in today's mechanized society.

THEY MADE THEIR MARK

Men and women who helped shape America's history

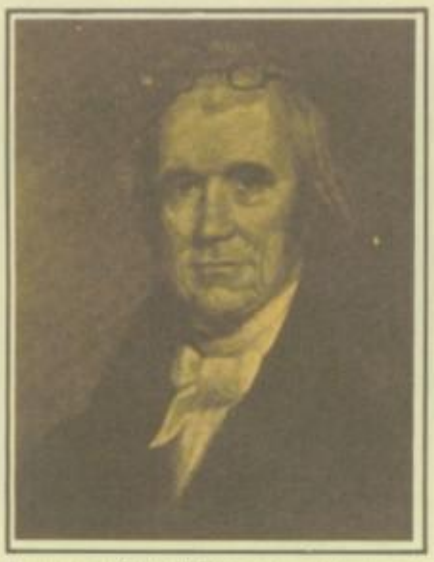
THOMAS PAINE, a bankrupt Quaker corsetmaker, sometime teacher, preacher and grocer wrote the most brilliant pamphlet of the American Revolution. His words in Common Sense reflected longings and aspirations that have remained part of American culture to this day.



DANIEL WEBSTER chose law as a career and went on to become well-known in the courts and in politics. He was twice Secretary of State with an eye always to the Presidency which eluded him.

DOROTHEA DIX worked her entire adult life for reform of the existing penal and mental institutions in the mid-1800's. The first state hospital in the nation at Trenton, New Jersey was a direct result of her efforts.

The creator of the Cherokee alphabet, **SEQUOYAH,** was an artist, writer and silversmith. He used a simple 1821 English primer to compose the characters. The famous redwood trees of the Pacific coast bear his name.



Chief Justice **JOHN MARSHALL** established fundamental principles of American constitutional law. He is noted for his precedental declaration of a Congressional act as unconstitutional. He served through five administrations, from 1801-1835.

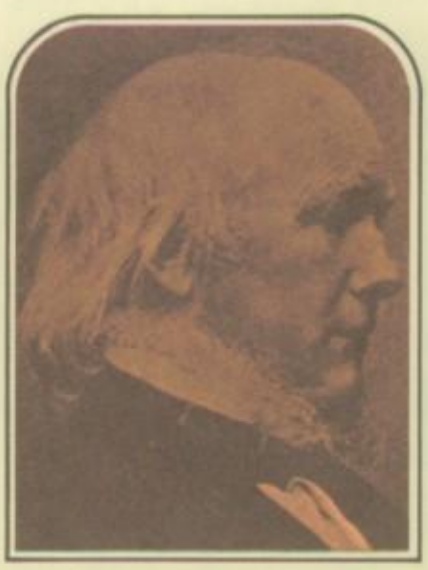
Born a slave in Maryland, **FREDERICK DOUGLASS** taught himself to read and write secretly and, at 21, escaped to freedom. He was an ardent abolitionist campaigning successfully for Negro suffrage and civil rights.

"The New Colossus," a sonnet composed by **EMMA LAZARUS** in 1883 is inscribed on a bronze tablet at the base of the Statue of Liberty. She organized relief for Jews and helped fugitives from the Czar's ghettos to establish homes in America.

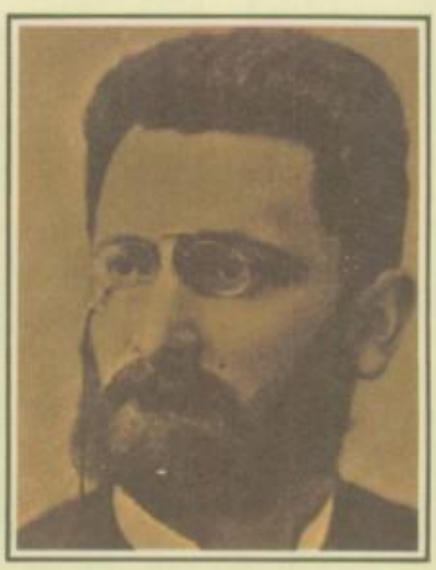
AMELIA JENKS BLOOMER, best known for a mode of dress she adopted during her campaign for equal rights for women. Though ridiculed until she gave up the costume, the term "bloomer" came to symbolize woman's bid for individual freedom.

ABRAHAM LINCOLN epitomized the American dream of a humble young man ascending to the highest office of the land. He was superbly skilled at analyzing complex issues and translating them into meaningful words for the public. He was devoted to the preservation of the Union.

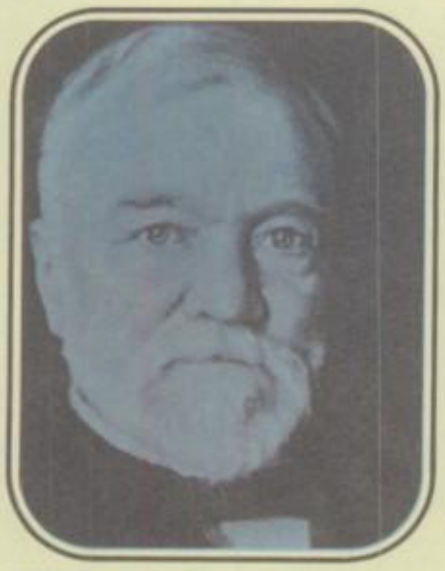
HARRIET BEECHER STOWE wrote **Uncle Tom's Cabin** in an effort to make the whole nation realize the inhumanity of slavery. Her book resulted in one of the most popular and controversial plays on the American stage. The Civil War was kindled by this work.



HORACE GREELEY'S admonition to "Go West young man" was a rallying cry of the pioneers of America. He was founder and editor of the New York Tribune. He was best known for his philosophy of social reform and his unsuccessful bid for the Presidency in 1872.



JOSEPH PULITZER was the first journalist to reach a truly massive audience. His New York **World** newspaper was the symbol of "yellow journalism" with its sensationalism aimed at the common man.

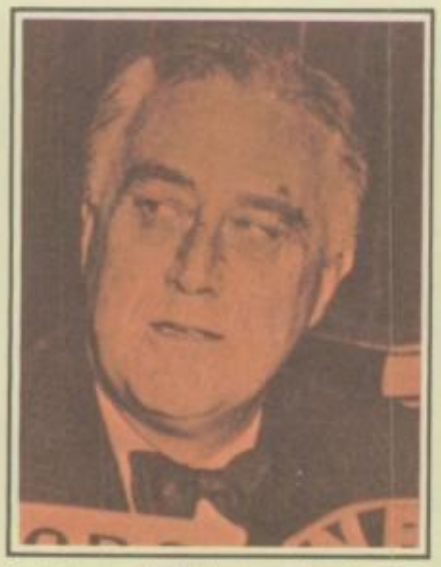


ANDREW CARNEGIE was a giant in the railroad and steel industries. He believed that it was the duty of a rich man to distribute his wealth during his lifetime. To that end, he established 2800 libraries and many cultural halls throughout America.

A lifetime passion for machinery led **HENRY FORD** to Detroit where, in 1896, he completed his first motor vehicle. The Ford Motor Company manufactured the first "Model T" in 1909.

One of the most elementary symbols of the American way of life was established when **J. EDGAR HOOVER** and his Federal Bureau of Investigation "G-men" set out to clean up the country. His career spanned over 40 years.

The motion-picture industry was revolutionized in America and **DAVID WARK GRIFFITH** became known as the "Father of the film art" and "king of directors" for his part in this revolution. His camera techniques were the pioneering steps of the industry.



Serving an unprecedented four terms as President of the United States, **FRANKLIN DELANO ROOSEVELT** was a popular leader who made extensive use of fireside radio chats to explain his plans and generate enthusiasm to push them through Congress.

ROBERT FROST's poetry was clear, understated, well-metered and told the stories of rural America. He was a four-time winner of the Pulitzer Prize and has been called America's poet laureate.

A plain, homely woman with tremendous appeal to the masses, who was always in the "thick of things" describes **ELEANOR ROOSEVELT** and her lifetime of politicking beside her husband during his four terms.

THURGOOD MARSHALL is the first Negro to serve as a justice of the Supreme Court. His law career was aimed primarily at civil rights cases.

The crippler poliomyelitis was conquered by **DR. JONAS SALK** in 1953 after more than 25 years of research. Polio was reduced by 96% in less than ten years. SALK's research continues in California at the Salk Institute.

MARTIN LUTHER KING was a leader in the cause of civil rights. He had been a pastor before turning to the cause of segregation. His leadership earned him the Nobel Peace Prize in 1964. He was assassinated by James Earl Ray in 1968.

Lieutenant Colonel **JOHN GLENN** started America's travels to outer space when he became the first American to orbit the earth. He had been an aviator in World War II and a test pilot in peacetime.

GERALD R. FORD, the first President to achieve the office without an election. In 1974, through a series of scandalous events, the Nixon administration toppled and FORD reached the position through approval by Congress.

WORKING FOR THE YANKEE DOLLAR

Imagine buying that acre of land you have spotted for $1.25! Or, even at the higher price of $10. Those are the prices offered to our founding fathers to encourage settlement of the wilderness areas of this nation.

A stage wasn't the most comfortable way to go, but you could get from city to city for as little as $3 — at the amazing pace of six miles per hour.

Compare today's wages with a 12-hour day in the early 1800's. A man earned 50¢ a day. Of course his dollar bought a little more than today's. Butter in 1826 was about 5¢ lb. in the Midwest; eggs, 3¢ doz.; corn 6¢ bu., wheat, 25¢ bu.; and a cow could be bought for $5.

With travel becoming the American tradition, you could choose train, wagon, horseback or the water. A canal ride, with bed and board included, averaged 3 or 4¢ per mile. And when you reached your destination, you could sit down to a 5, or even 10 course meal for 25¢. (Ladies 20¢, in consideration of appetite.)

Farmers in the early 1800's could own the famous McCormick Reaper for a mere $100. But the Civil War increased prices as the machine became the first item farmers could buy on time payments for the sum of $1,500.

A good suit of clothes then might cost $1.95 and ladies waists (blouses) were marketed for 49¢ to $3.50 with a whole dress pattern priced at 15¢.

Cookstoves, "quality-satisfaction guaranteed," could cost you $29.25 at $4 per month and a dandy heating stove could set you back as much as $5.73 and up. The first electric refrigerator cost $900 — which might be enough to make you faint on your 1907 fainting couch that had cost a mere $7.85.

Your new baby travelled in the height of fashion in a wicker sleeping coach (stroller) for the sum of $12.04. If you had $1,500 in 1903 you could show off in one of the first automobiles.

Ah, those were the days. Some of the current prices are reminiscent of those days, but at frontier prices, which were a whole different story. Hardy pioneers had to pay $2 a pound for sugar, too. And the same for a pound of coffee or pepper. Those items were only 15¢ per pound back in civilized St. Louis. Flour was marked up 100 times for sale to the frontiersmen and during the famous Gold Rush, that precious commodity went for $400 a barrel.

A CARD.

THE public at large is respectfully informed that a very large assortment of Caps and Sticks, of every description, may now be obtained at the most reasonable prices, by applying to N. SYLVESTER,
8 South Sixth street.

Hair Cloth in every variety, French and American manufacture, made into Caps or Sticks at 3 hours notice. A large quantity of these articles constantly ready made.

N. B. The subscriber's store is No. 8 South Sixth street, 4 doors below Market, and opposite the side of the Schuylkill Bank. april 25—tf

OLD ESTABLISHMENT,
OPPOSITE GIRARD'S BANK.

A GOOD assortment of HATS, at No. 61 South 3d street, which will be sold at fair prices.

MAMMOTH.

Philadelphia Museum,
IN THE UPPER PART OF THE
ARCADE,
CHESNUT STREET, (ABOVE SIXTH.)
OPEN throughout the day, and ILLUMINATED every evening.
Admittance 25 Cents.

This Museum is the oldest and largest establishment in the United States, and contains immense collections of the Animal and Mineral kingdoms of nature, from all parts of the world. These are all beautifully arranged, so as to enable the visitor to study the objects with the greatest advantage. The collection of implements and ornaments of our aboriginal tribes is very extensive and interesting, and the Cabinet of Antiquities, and Artificial Curiosities, is not less worthy of attention. In addition to the ordinary attractions of a Museum, there is in this a very large collection of the Portraits of American Statesmen and Warriors of the Revolution, and of the most distinguished scientific men of Europe and America.

The Founder, C. W. Peale, desirous of securing the Museum permanently in this city, obtained an act of Incorporation, by which the stability of the Institution is insured. The act of Incorporation secures the use of the Museum in perpetuity to the city, and authorizes the Stockholders to appoint annually five trustees, who meet quarterly to regulate the business of the Institution. Nothing can be removed from the Institution under a penalty, and forfeiture of double the value of the thing removed; hence donations may be made with certainty on the part of the donors, that the articles placed in the Museum will always remain for the public good.

Thomas Gibson, Plumber,

RESPECTFULLY informs his friends and the public in general, that he carries on the House and Ship Plumbing, in all its branches, at No. 136 North Third street, where he has constantly on hand Hydrants, of various descriptions, Patent Baize's Plank Nozzles to burn Lehigh Coal of the newest construction, Water Closets, Baths, Tube, Shower Baths, Lead and Iron Pipes, Retorts for Bleaching and all other Chymical apparatus, furnished at the shortest notice, and also Sheet Lead of various sizes on the most reasonable terms. THOMAS GIBSON,
jan. 5—1y 136 North Third street.

Juniors Host Oriental Prom

This year the junior class put on the prom for the senior class with the theme being Oriental. Many of the juniors helped in making it a success. Joe Gomez, vice-pres. and Mike Bayack, treas., helped in decorations and any other committees that needed help. Nancy Zoeller, Sec., helped by doing the bookwork. This has been a very prosperous year for the juniors and next year will be better.

Sophomores Sell Magazines

The sophomore class participated in various activities including the annual magazine sales. The class officers; Doris Gering; Pres., Cristy Donley; V-Pres., Shrise Hanna; Sec., and Jon Messenger; Treas., were pleased with the results and look forward to next year's prom. A skating party was enjoyed by the winning team and the high salesmen. Of great interest to the class was the choosing of their class rings.

Frosh Anticipate Sophomore Year

The freshman class had their first meeting in the fall semester to elect their officers. The freshman officers are Allen Keiter, Pres.; Scott Beard, V. Pres.; Sue Osner, Sec.; and Susan Dressler, Treas. The general class feeling was that their first high school year, though it had its drawbacks, was exciting and very eventful. The freshmen are looking forward with great anticipation to their sophomore year.

STUDENT LIFE

Stuco Voices Opinions

Student Council is an organization designed to give students a voice in their activities. This year most of Stuco's activities have involved the spending of money. The organization purchased a new ping pong table bringing the total of tables to three. The tables have been enjoyed by the students during lunch hour and after school. But the activity involving the largest sum of money spent was Football and Basketball Homecoming. The last expenditure of the year was a donation of $150 to support the Senior Supplement. At the end of the year a Stuco picnic was held for the faculty, all Stuco members, and their guests. Officers for the 1975-76 year were Doug Thimesch; Pres., Betty Underwood; Vice-Pres., Deb Byers; Sec., Dave McGuire; Treas.

K-Club Unites Athletes

K-Club is an organization of athletes who have earned a varsity letter in one or more sports. To remain in K-Club, each person must earn the same letter each year. Throughout the year K-Club has sponsored a Father's Fun Night and sports award banquets. They also attended a W.S.U. basketball game.

K-Club has brought together outstanding athletes both male and female. These athletes represent many different sports and classes. Through K-Club they have gained a better understanding of sports and of each other.

Third Row L-R--Ron Sawyer, Lance Dixon, Kelly Mason, Mike McAdam, Mike Meisenheimer, Doug Thimesch, Jeff Young.

Hi-Y Is Oldest Organization

Hi-Y completed the year after accomplishing many traditional functions very succesfully, but in a different sequence than in previous years. As the oldest organization at Kingman High School, the main purpose of Hi-Y is to prepare students for adapting politically in our Governmental society. To achieve this goal, the students participated in the youth-in-government program held annually in Topeka. Students from schools across the state combined to create a governemntal system modeled after the state legislature. Unlike past years, the model legislature was held in the fall, thus leaving little time for students to prepare bills, debate, and run for office. The organization was forced to delay money-making activities until after the trip, causing some students to be financially unable to attend. Hi-Y, along with Y-Teens, attended Preleg at Hutchinson in preparation for the fall trip. Jeff Wedmen of Chaparral High School and Mike Meisenheimer were selected to run as a team for Governor and Lieutenant Governor, and then elected in a landslide at Topeka. Hi-Y and Y-Teens had fun visiting the Capitol and many are expected to participate again next year. The club finished the year by holding a concession stand at the State Music Festival in Kingman High School.

Y-Teens Collect For UNICEF

The purpose of Y-Teen is to establish and maintain high standards of conduct and service among girls. Y-Teen consists of various committees including World Fellowship, social, program, music, devotions, and publicity. This year the club sponsored a preschool Halloween party, and collected $300 for UNICEF. The club also held the annual Father-Daughter Banquet, and the Mother-Daughter Banquet. Y-Teen officers are; Pres., Deb Byers; Vice Pres., Connie Simons; Sec., Gayle Graham; and Treas., Betty Underwood. Sponsors for this year are Bev McQuin and Carol Young.

Melton, K. Taylor, L. Young, D. Ramsdale, K. Goetz. 3) Gwen Henning entertains the mothers and daughters by singing some songs she has composed. 4) The Y-Teen officers and their mothers at the Mother-Daughter Banquet.

"The many activities of Y-Teens really highlighted my senior year. Though at times we worked very hard on projects, we also had a lot of fun. I hope next year the Y-Teen girls have as much fun and success as we did this year." JULIE BURROUGHS

"Among the activities of this year I enjoyed the Y-Teen conference held in Kingman. It was fun meeting girls from other towns."

JEANETTE VALADEZ

"This year I enjoyed the convention that was held here in Kingman. It gave me a chance to meet other girls from towns near here."

Editor, Nancy Schlesener hard at work. 8) Jeanette Valadez sorts the master copy of the '76 Eagle Yearbook.

FFA Gets New Advisor

The 75-76 school year for the FFA started off with a new advisor, Dan Helm. Dan is a former Kingman High School student. With his approval the FFA held many functions throughout the year which at times involved most of the school. Some of the activities included the annual watermelon feed and hamburger feed, two skating parties, and various FFA contests. One of the year's highlights was the FFA Sweetheart Chore Night when Nanci Schlesener was crowned the 75-76 Chapter Sweetheart. The FFA also displayed a float in the Christmas parade with the theme being "Christmas In the Country." In the spring the annual FFA Rodeo was staged, with many FFA members competing in various areas.

FFA, standing for Future Farmers of America, is an organization involved in working and managing farms and learning farming techniques. The Kingman Chapter manages wheat test plots which are located North of the school. The members also help in the seining and marketing of the fish from the two FFA fish ponds.

The 1976 theme for the FFA is "Food for America" and through the Kingman Chapter, young men are learning techniques and doing it.

Officers: Roy Hawkins, Pres.; Brian Cline, V. Pres.; Len Messenger, Sec.; Gordon Stucky, Reporter; Dewey Simons, Sentinel.

Nanci Schlesener Reigns As FFA Sweetheart

Nanci Lee Schlesener was chosen FFA Sweetheart for the 75-76 school year on October 30 at the Annual Chore Night. The chore night was held in the shop area at Kingman High School. Eight junior girls competed in such events as riding a bucking machine, milking a goat, putting a broken bale back together, and hammering a nail straight into a board and pulling it out again. These races were preceded by tests which each girl took to determine her farming knowledge. The eight girls competing were Sharon Henning, Monica Matthews, Kim Fairchild, Cindy Bock, Peggy Kerschen, Joyce Clouse, Nancy Lindt, and Nanci Schlesener. Crowning ceremonies took place in the high school auditorium after the girls had showered and cleaned up.

Nanci has been very active in her past three years of high school. She has been cheerleader for three years and has participated in track and tennis. Nanci feels that our community depends on farming and that FFA helps young farmers learn to cooperate.

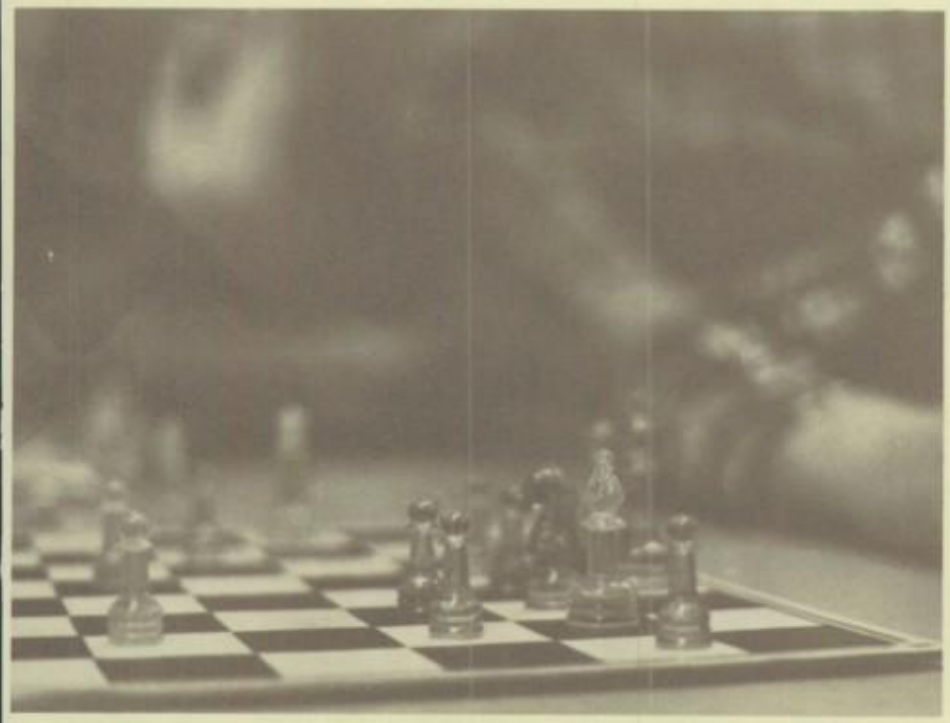
Rodeo Club Is Formed

The KHS Rodeo Club is a newly formed organization for horse lovers. The club's purpose is to get students interested in horses, rodeos, shows, etc., and to learn more about them. The club held several activities including a fun day at the Rodeo grounds. According to Lynanne Rohlman, one meeting was spent discussing how Victor Chipman fell off Mr. Floyd's horse. This year the club had 30 members and the officers were Victor Chipman; Pres., Wally Culver; Vice Pres., Tammy Watson; Sec., and Brice Tetrick; Treas.



Students Enjoy New Club

The 75-76 school year was the first year for Chess Club in K.H.S. This year the club held a chess tournament among the members. The winner of the upper division was Mike Elpers, the lower division winner was Keith Thomas.

Sponsor; Neal Slack. Officers; Pres., Earl Mabe; V-Pres., Nathan Campbell; Sec., Sharon McBurney; Treas., Eileen Probst; Historian, Marcia Scott; Stuco Rep., Jim Salisbury.

"The most fun thing we did this year was the taffy pull. Everybody burnt their hands!"
VELVA BLUMANHOURST

"SAE could be a lot more fun and interesting if we had a bigger membership. If more people were involved it would be good." GAYLE GRAHAM

"The teachers complained about an early morning faculty meeting until SAE members came in serving breakfast!" KAREN CLOSSON

SAE Attends Workshop

The members of SAE are involved in doing as much as possible to improve the educational atmosphere between students and their teachers in school. This year's activities began when the officers and several members attended the annual SAE workshop in Topeka to gather ideas for the year's activities. The highlight of the year was the taffy pull held during National Education Week. Teachers were presented with a flower and the candy the following morning.

The SAE sponsor is John Hundley. Officers: Pres.; Eileen Probst; V-Pres., Deb Thieme; Sec., Gayle Graham; Treas., Karen Clossen; Reporter, Karen Taylor; and Historian, Judi Biggs.

Seated L-R: Judi Biggs, Karen Closson, Eileen Probst, Deb Thieme, Gayle Graham, Karen Taylor. Second Row: Dawn Brooks, Mary Sanderson, Julie Krehbiel, Karen Berschiedt. Science Club Visits Halstead

The Kingman High School Science Club is designed for the purpose of broadening the outlook of its members on the many different fields of science. Guest speakers from Manhatten and Wichita visited the club and the members took field trips to Hutchinson and Halstead. An end of the year picnic was held at Kay Sparks' pond. Sponsors are Robert Baruth and Don Mason. Officers for Science Club are Sharon McBurney; Pres., Mark Kostner; Vice Pres., Eileen Probst; Sec., and Susan Kinsler; Treas.

French Club Gains Many New Members

With a large number of new members, the K.H.S. French Club had a very active and enjoyable year. To kick off the new year a hamburger fry was held the Kingman State Lake. Due to a rather large treasury and the club's participation in the concession stand throughout the basketball season, three more parties were planned and held throughout the year.

Sponsor; Shelley Vogel. Officers; Pres., Julie Burroughs; V-Pres., Jim Salisbury; Sec., Kay Sparks.

Spanish Club Is All Girls

This year Spanish Club had twenty members all of which were girls. They had many fund raising projects which included selling carameled apples which was a big success and forty dollars was collected. The bake sale, however, did not go over so well, but thirty dollars was collected. Along with the fund raising projects and lots of hard work the club also held some parties. At Christmas the Spanish Club joined the French Club to go on a caroling party. The two clubs rode on a hay rack wagon to various faculty and school board members' homes singing carols in Spanish and French. Afterwards they had refreshments in the Eagle Room at the high school. On Valentine's Day the two clubs again joined together to hold a sweetheart skating party. The club members, along with their sweethearts, spent two hours skating at the Harper skating rink and ended the evening at the Kingman Pizza Hut. At the close of the year Spanish Club traveled to Joyland for a day of rides and fun. Despite all of the parties, Spanish Club still had ninty-one dollars left in the treasury from the beginning of the year.

1) Spanish Club officers this year are L-R--Lori Ramsdale; President, Judi Biggs; Secretary-Treasurer. Not pictured is Karen Taylor; Vice-President.

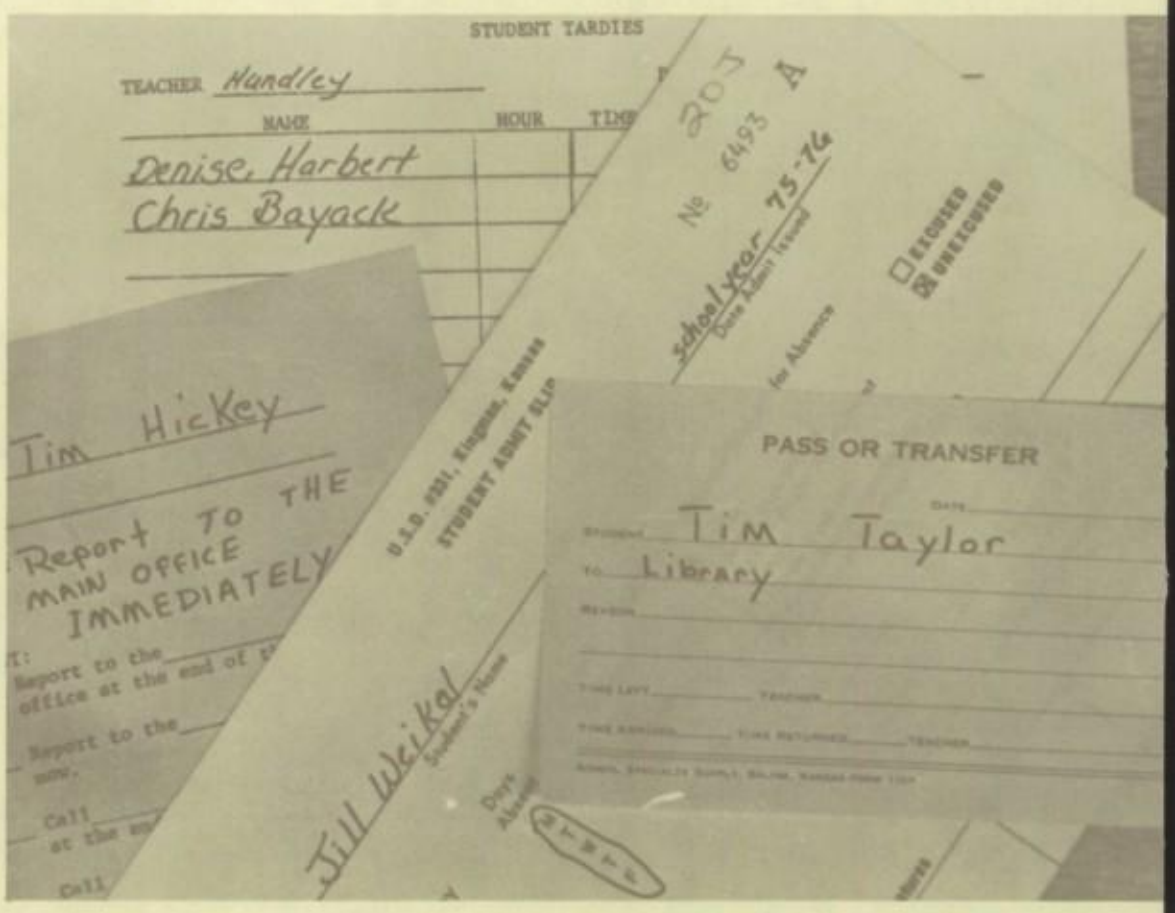
Office Help

"One thing I learned is that the teachers and administration work a lot harder to try to please the kids and keep KHS functioning than I ever realized." MARIE GIEFER

"My most embarrassing moment was when someone phoned for Mrs. Layman and I told them to wait a minute and I'd go get her. Then I found out she doesn't work here." GWEN HENNING



1) Some of the many forms sent out by the office. 2) Office help; L-R--Dawn Funke, Karen Berscheidt, Jeff Young, Gwen Henning, Kim Neville, Marie Geifer, Patti Vinopal, not pictured; Deb Byers, Becky Luntsford, Jan Conrady, Deb Kaufman.

Library Helps Students

Many people have used the library during the 1975-1976 school year. Increased interest in reading along with an increase in the number of assigned research projects may be two reasons for this. To help students with their research, more materials, both print and non-print, have been added this year. Materials concerned with drugs, social studies, Spanish culture, and various reference questions have been the most in demand. Large projects for the library have included a revision of the subject card catalog, a revision of the information file, and an inventory of all materials and equipment. Among the various duties of the library aides were to check, file, shelve, straighten, and locate materials for use by other students and teachers.

F.C.A. Gets Involved

The major purpose of FCA is to promote fellowship between athletes. Meetings are held in the evenings and involve discussions, refreshments and sometimes recreation. One meeting was held at the recreation center, and after a time for some fun, a recording was heard of a speaker from national conference. On Mr. Mengarelli's birthday, the group met at Earl Mabe's house. Earl had baked a cake for him but dropped it on the way out of the recreation room. Fortunately the cake landed right side up and no one knew how close they had come to having no cake at all.

Two major events are held each year, one at the beginning of the school year, and one at the end. This year a swimming party was held. at Camp Mennoscha, with popcorn and Pepsi to top off the evening. At the end of the year a picnic is always held. At the picnic along with the good food and fun, election of officers is held for the following year.

This past fall a group of FCA members attended a mini-conference at Rock Springs. Those who went enjoyed it very much. Every summer some of the members go to a week long FCA conference held in Colorado. FCA will continue to function as a strong group in serving the Christian athlete.

Pep Club Is Active

The 1975-76 Pep Club officers were Karen Closson, President; Sondra Osner, Vice President; and Jonita Stucky, Treasurer; the Pep Club sponser was Joy Kahmeyer. This year, it has been possible to letter in Pep Club. Besides making a multitude of posters, holding pep rallies, and supporting the team at games, Pep Club members held a Football Mother's Tea, Basketball Parent's Tea, and helped with Football and Basketball Homecoming activities.

Second Row; Left To Right--Sondra Osner, Patti Vinopal, Denise Harbert.

"At this time in young peoples' lives, when people are seemingly becoming more alienated from one another, it's a great feeling to watch a group of young people working and sweating for the same goal. For the cheerleaders this year the emphasis has been placed on school pride and crowd involvement. 'Spotlight on K.H.S.' was a new idea to get more students involved in pep assemblies and to show the many talents that exist in the halls of K.H.S. 'Red-Power' was a new cheer to get the adults involved. Cheering is only one way the cheerleaders show pride in being students at K.H.S." PATTY STROTHMAN

Band Has Busy Year

The Kingman High School Eagle Band under the direction of R. E. Craig and assisted by Sid Bott played an active part in the high school activities this year. During the football season the band put on halftime shows to entertain the parents and spectators. The pep band performed at the basketball games, aiding the cheerleaders in cheering the team on to a winning record. The band also went to the basketball tournament held at Lyons. The band marched in the annual Christmas parade, leading in the star of the parade, Santa Claus! The band gave two concerts, a winter concert on February 15, and a pops concert on May 18.

In addition to these activities the band traveled to Valley Center for league festival on March 24 and State Music Festival held at Chaparral and Kingman on April 14 and 15. At both of these festivals Kingman maintained their standard of high quality by bringing home a large number of I's. Band officers for the 75-76 year are Curt Pickert, Pres.; Denise Harbert, V. Pres.; and Connie Simons, Sec. Drum major was Karen Frisbie.

Choir Performs Often

During the year Eagle Choir has had many performances. The choir gave several concerts throughout the year such as a fall concert of contemporary music, a Christmas concert which dealt mostly with Christmas carols, and a pops concert held in the spring.

From the Eagle Choir several ensembles were formed including a mixed ensemble, a boys 12, and a girls 12. In addition to performing at league and state music festival, the various ensembles sang at the concerts giving a variety to concert programs. Both the Eagle Choir and the ensembles did well at the festivals rating one's each time.

Bridge To The Orient

The 1976 Junior and Senior Banquet and Prom was held at the Kingman High School gymnasium and auditorium on Saturday, April 24. Flying fish, finely ornamented lanterns, and a hug Buddha decorated the gym in a Far Eastern decor to coincide with the chosen theme, "Bridge to the Orient." An unusual Oriental banquet complete with egg rols and soy sauce also kept with the Eastern accented theme. Following the meal, Dave McGuire and Kelly Mason, presiding presidents for the senior and junior classes respectively, made the traditional banquet speeches to open the evening of entertainment. The annual gifts were presented by the seniors to the deserving juniors. The Gift of Gab was awarded to Peggy Kerschen, the Lamp of Wit went to Joe Knapic, the Pillow of Ease to Lloyd Powell and the Spoons of Love went to Russ Rohlman. The entertainment was then moved to the auditorium where the program entitled "Make a Wish" was presented by the junior class. Slide shows and songs by Gwen Henning and Gordon Stucky highlighted the program which embraced the idea of "If I could make a wish..." The rock band "Captain Zok" entertained the students, faculty and their guests to draw to a close a very memorable prom.

SPORTS

Eagles' Hopes Dissolve

The Kingman Eagles started the 1975 football season with hopes that the Eagles would make the state playoffs. After losing the opening game to Buhler, the Eagles came back to defeat Mulvane and Pratt. Numerous injuries was one of several factors which caused a midseason slump during which Kingman was knocked out of contention for the playoffs. The Eagles then beat Chaparral to finish fourth in the league and closed out the season with a loss to Scott City.

Seniors Excel

15 Seniors participated in their final year at K.H.S. Several were key players on the team that upset playoff bound Scott City last year. They didn't fare quite as well this season, but Chris Bayack and Dave Benson performed well enough to receive all-league honors.

1) Seniors: 1st Row: L--R--D. Gonzales, R. Lacio, K. Harbert, D. McGuire, D. Hoppes. 2nd Row; L--R--C. Bayack, R. Rouse, A. Stucky, D. Thimesch, M. Clark, S. Stasa, L. Dixon, Not pictured; D. Pitman, D. Benson. 2) Chris Bayack kicks off against Pratt. 3) Mo's men, an informal organization of seniors, display school spirit at a J.V. football game. 1st Row; L--R--D. Kerschen, T. Taylor, C. Wiggins.

Frosh Improve

The freshman started out slow this year but improved steadily throughout the season. After dropping their first three games, the frosh came back to beat Circle. They ended the season with an impressive victory over Nickerson.

Lettermen Aid Girls' Golf Team

With the aid of five returning lettermen, the girls' golf team, coached by John Hundley, completed a highly successful season. With the exception of regionals, the girls finished all of their meets with a third place marking, or better. The golf team should be a strong spot in sports next year, since all of its members will be returning.

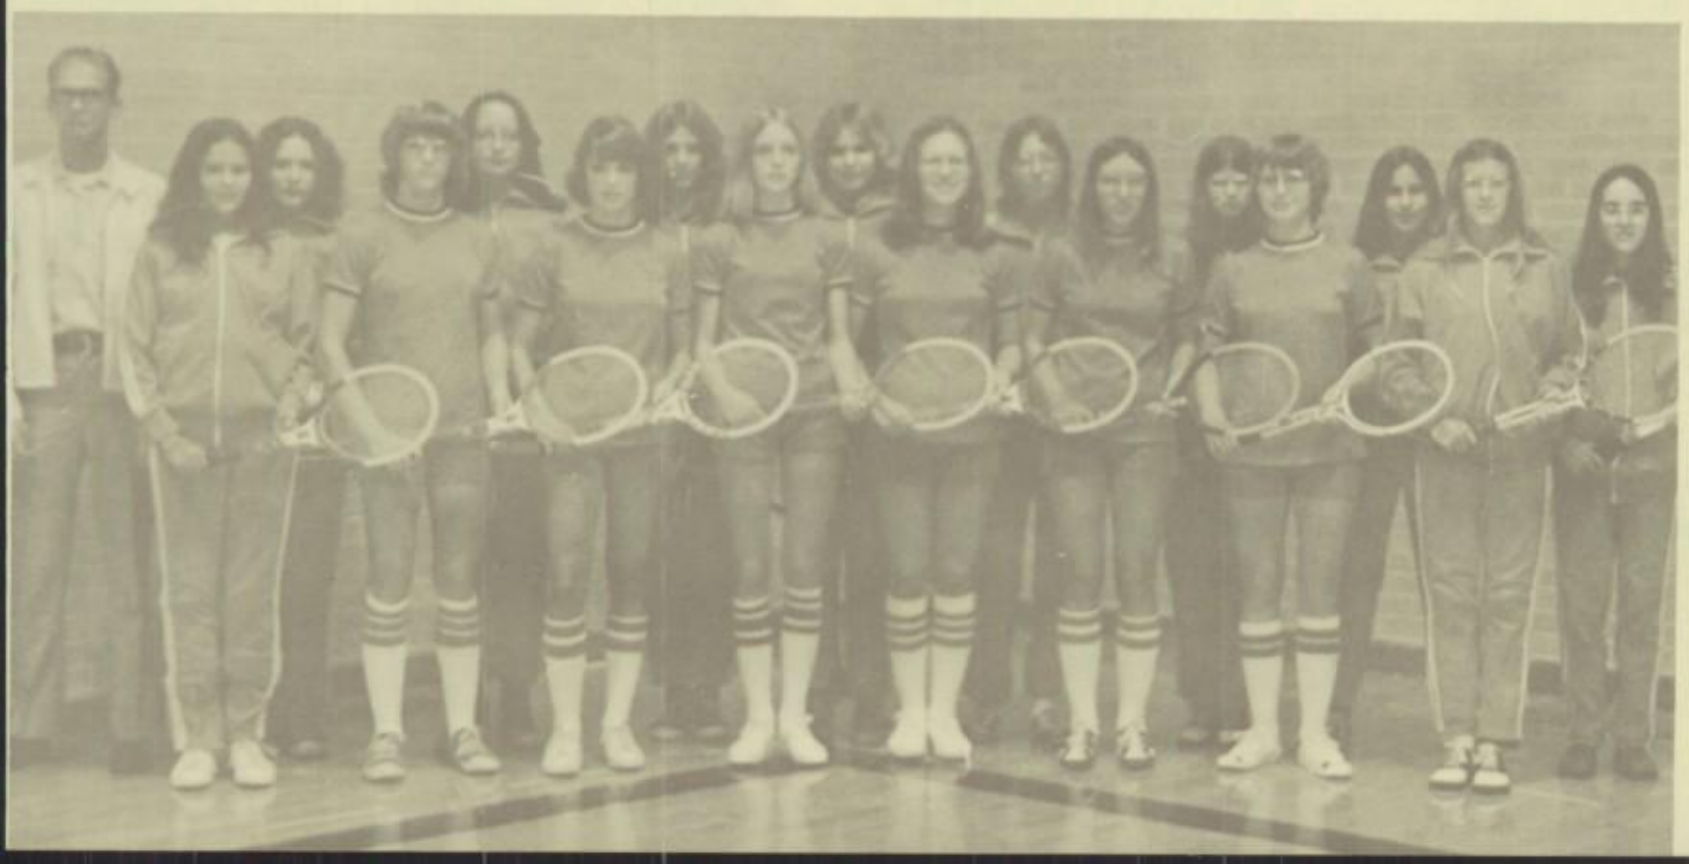
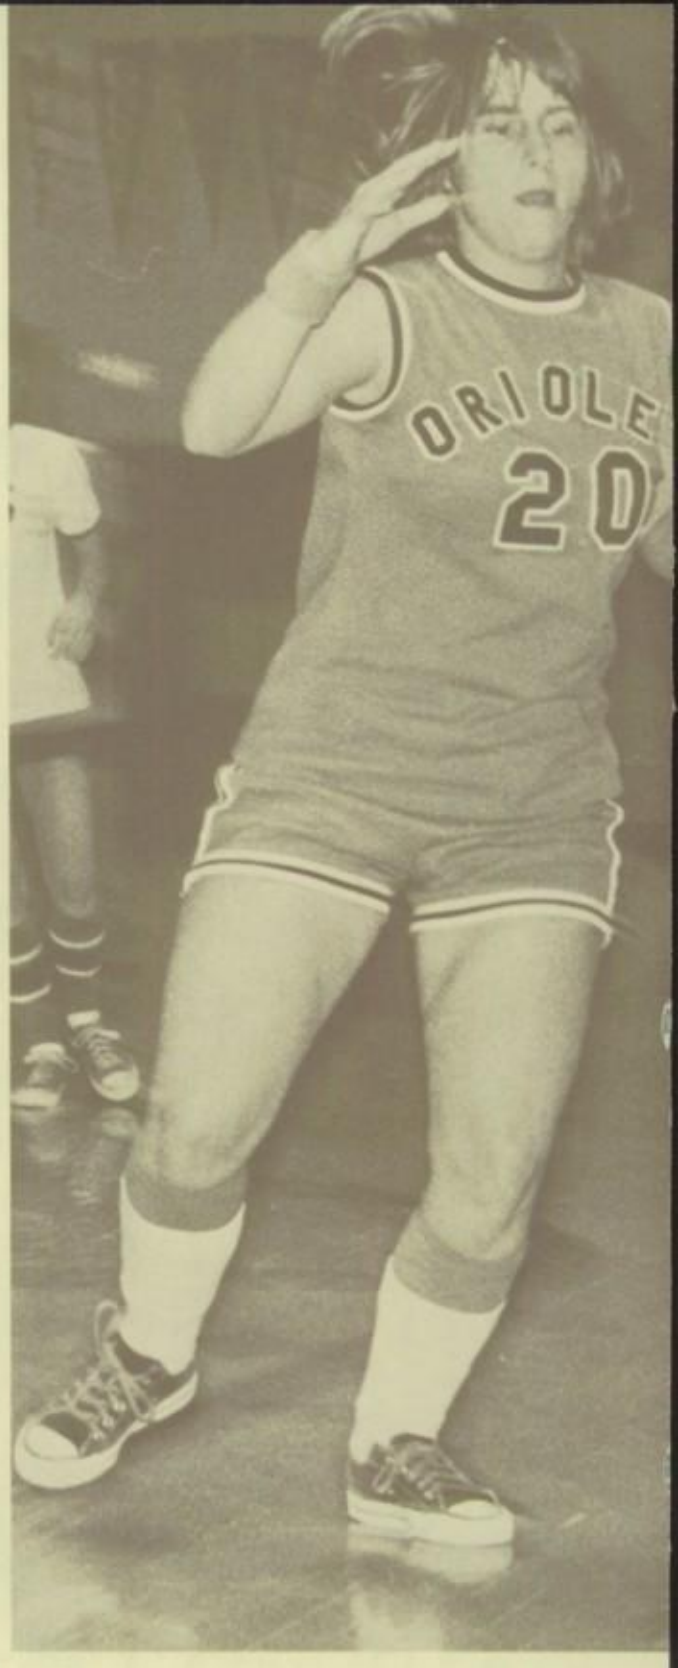
3

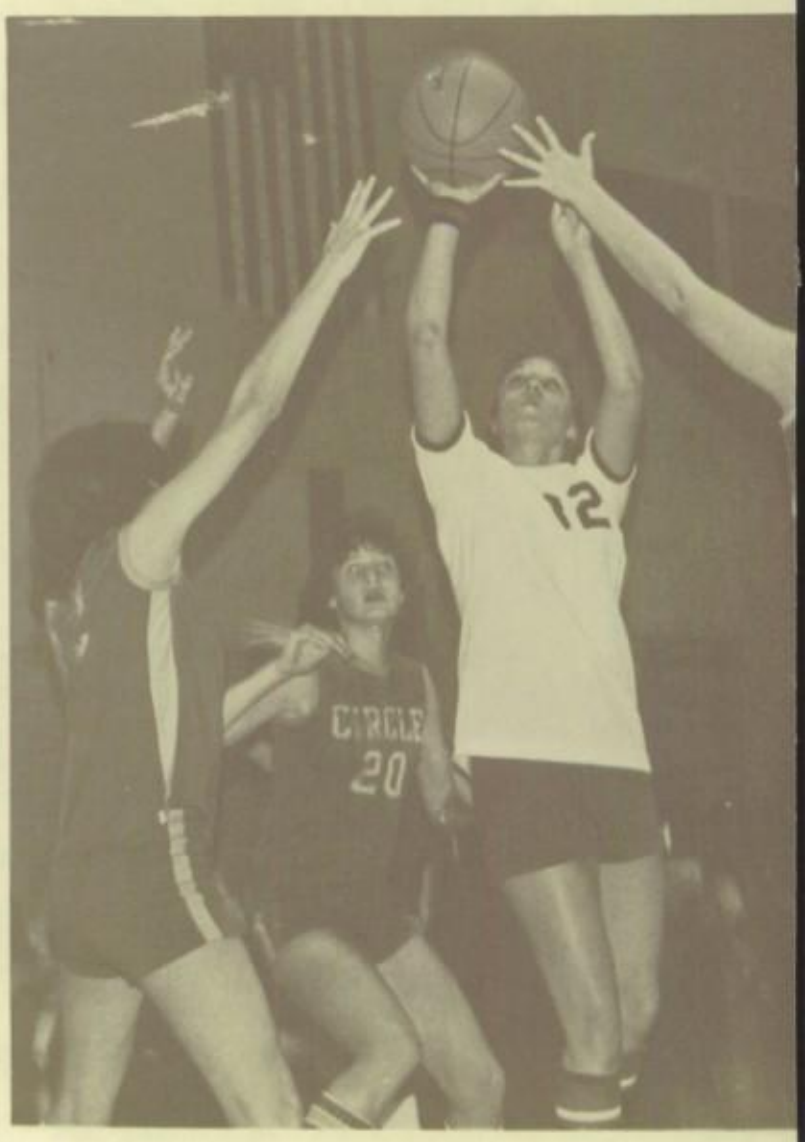


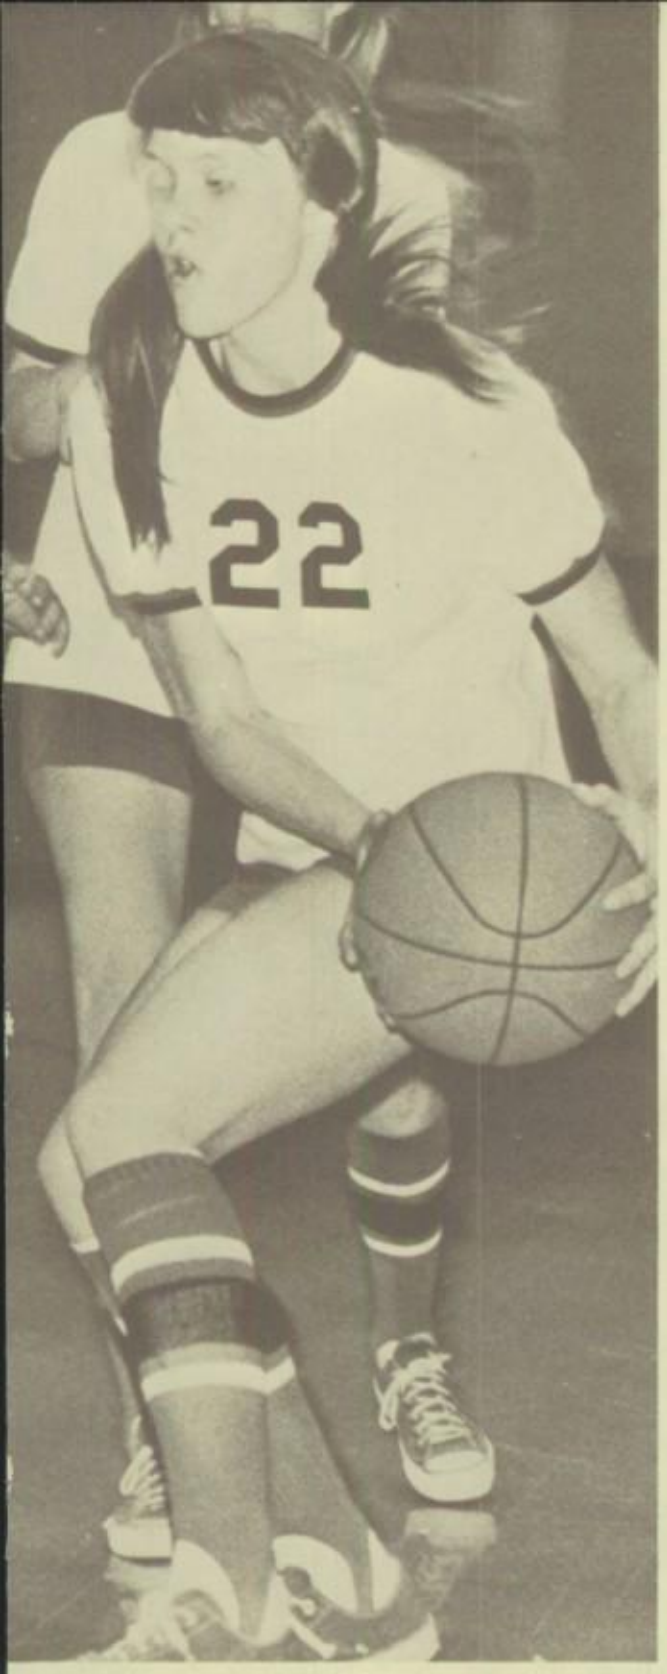


Eagles On The Upturn

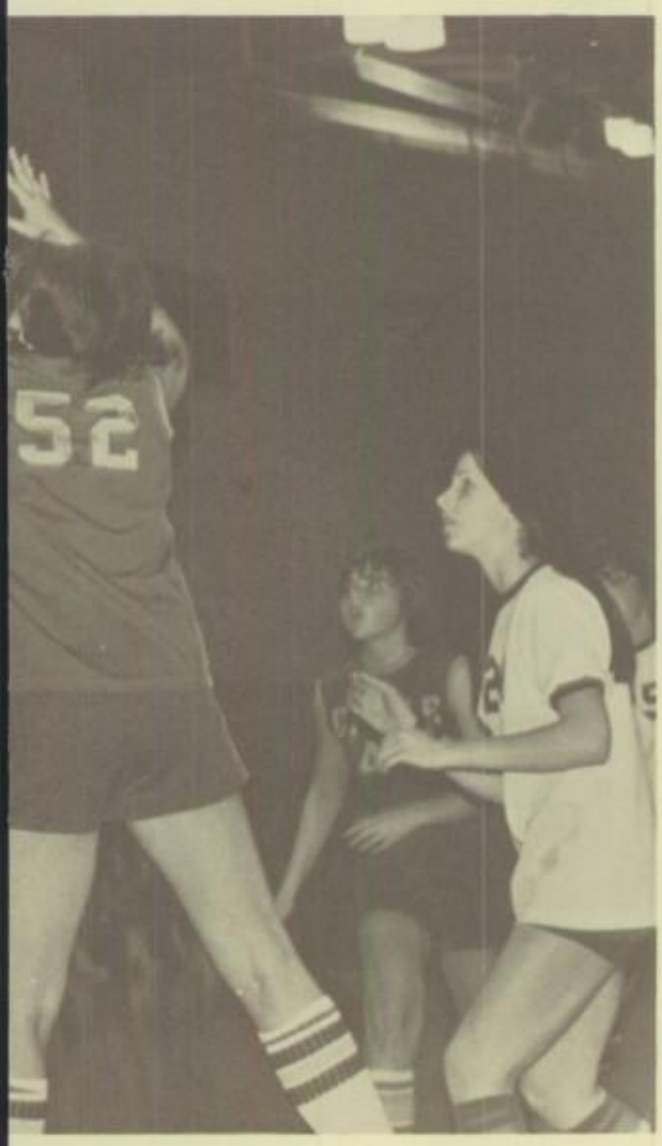
During the previous two seasons, the Eagles won only three games. This year they managed to tie that mark, even though they had only one senior to lead the team. Overall, the Eagles finished with a 3-14 record, but the year was better than the record indicated. Three losses were to teams that made it to the state tournament, three more were ranked Haven, another was to class 5A Hutchinson, and CTL co-champion Goddard also defeated the Eagles. With most of the varsity returning, next year's prospects look bright. For the next few seasons at least, the girls basketball fortunes should be on the upturn.

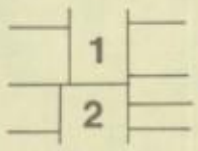
Girls Varsity Basketball: 1) C. Vierthaler, 2) K. Siemens, 3) T. Rinke, 4) D. Mueller, 5) J. Reed, 6) Coach Floyd, 7) N. Hageman, 8) D. Funke, 9) D. Doge, 10) T. Melton, 11) R. Morris, 12) J. Knapic, 13) T. Watson.





Girl's J.V. Basketball; 1) G. Smith, 2) L. Young, 3) M. Gomez, 4) A. Shanelec, 5) J. Wyman, 6) D. Kemp, 7) Coach Dammel, 8) C. Pfalser, 9) S. Stasa, 10) D. Rudicel, 11) D. Valadez, 12) C. Meng, 13) P. Coman.





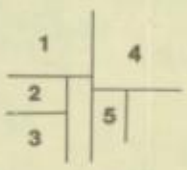
1) Julia Reed looks for an opening. 2) Nancy Hageman gets off a shot as Cheryl Vierthaler looks on.

The Eagles started out well this year by beating Andale and then finished second in their own tournament, trouncing South Barber and Medicine Lodge but losing to the Pratt Greenbacks. The regular season was closed out at the South Barber tournament in Valley Center where the Eagles lost to Buhler to finish out the season. The Eagles won 1 and lost 4 in league competition and finished 5-10 overall.

"This year for the first time we played a league schedule which was tougher competition. Mulvane became class 3A state champions with Goddard second which proves that our league is good. We regret losing Hageman, Brown, Conn, Molitor, and Adelhardt because they were good competitors. However, next year we'll have experience and we're looking forward to a successful year in 76-77." COACH MCQUIN

Coach Directs Frosh

Under the coaching of Gene Mengarelli the Freshman steadily improved throughout the season. Despire their efforts, however, they were unable to defeat either Newton or Sherman in the annual Hutch tourney that concludes the Freshman season.



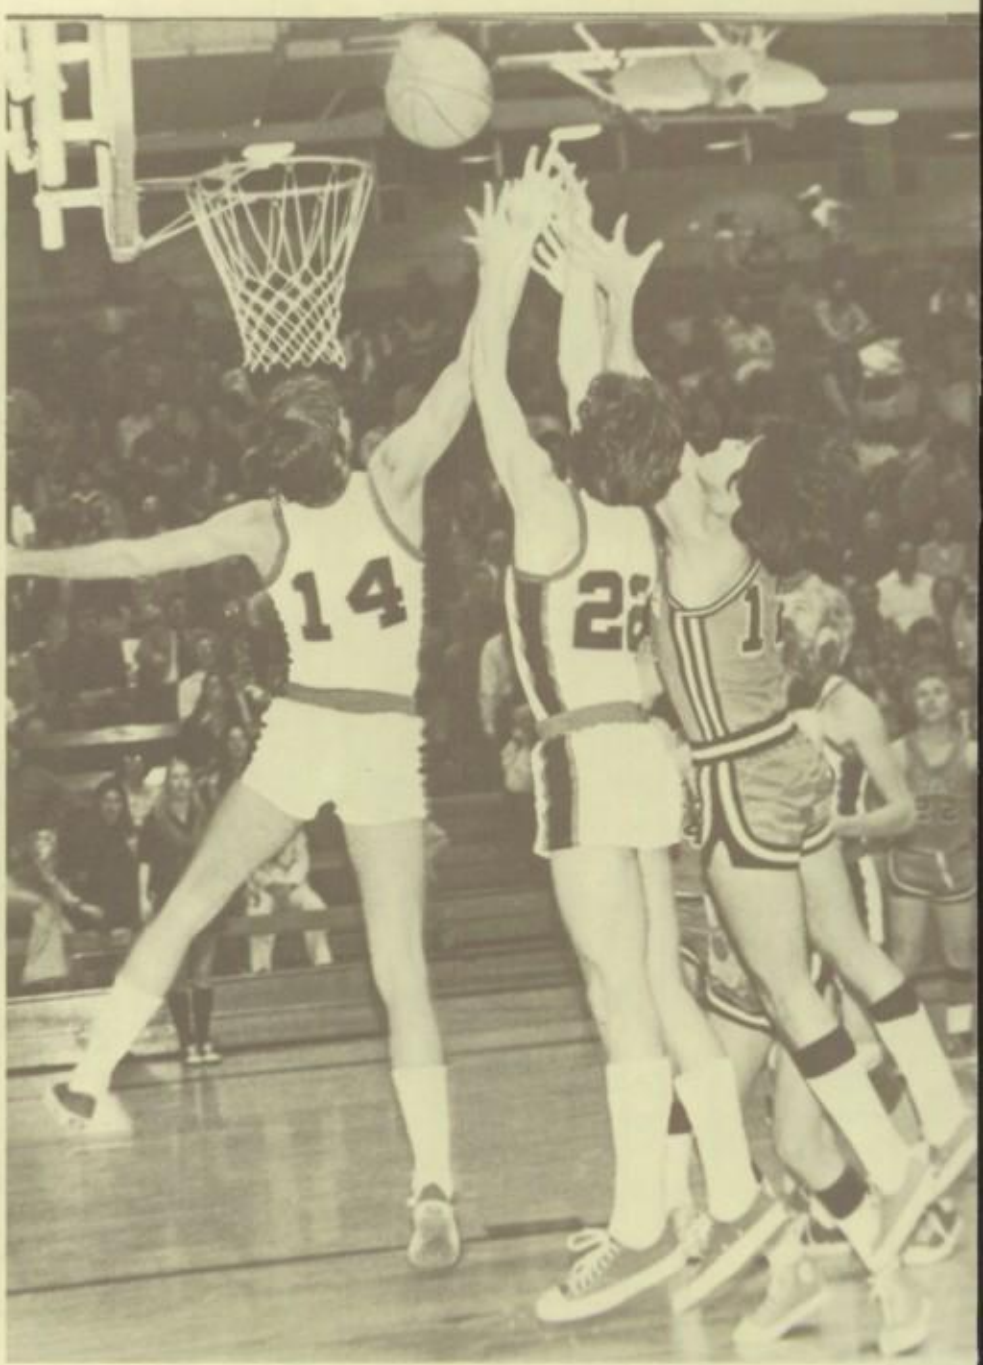
1) Varsity volleyball: 1st Row, L--R, D. Pettay, Coach McQuin, V. Bergkamp, S. Osner, 2nd Row, C. Molitor, J. Reed, K. Conn, T. Rinke, D. Adelhardt, N. Hageman, C. Bock, L. Green, D. Smith, M. Cutler, T. Swope, R. Leroux. 5) Alan Keeling gets position for a rebound.

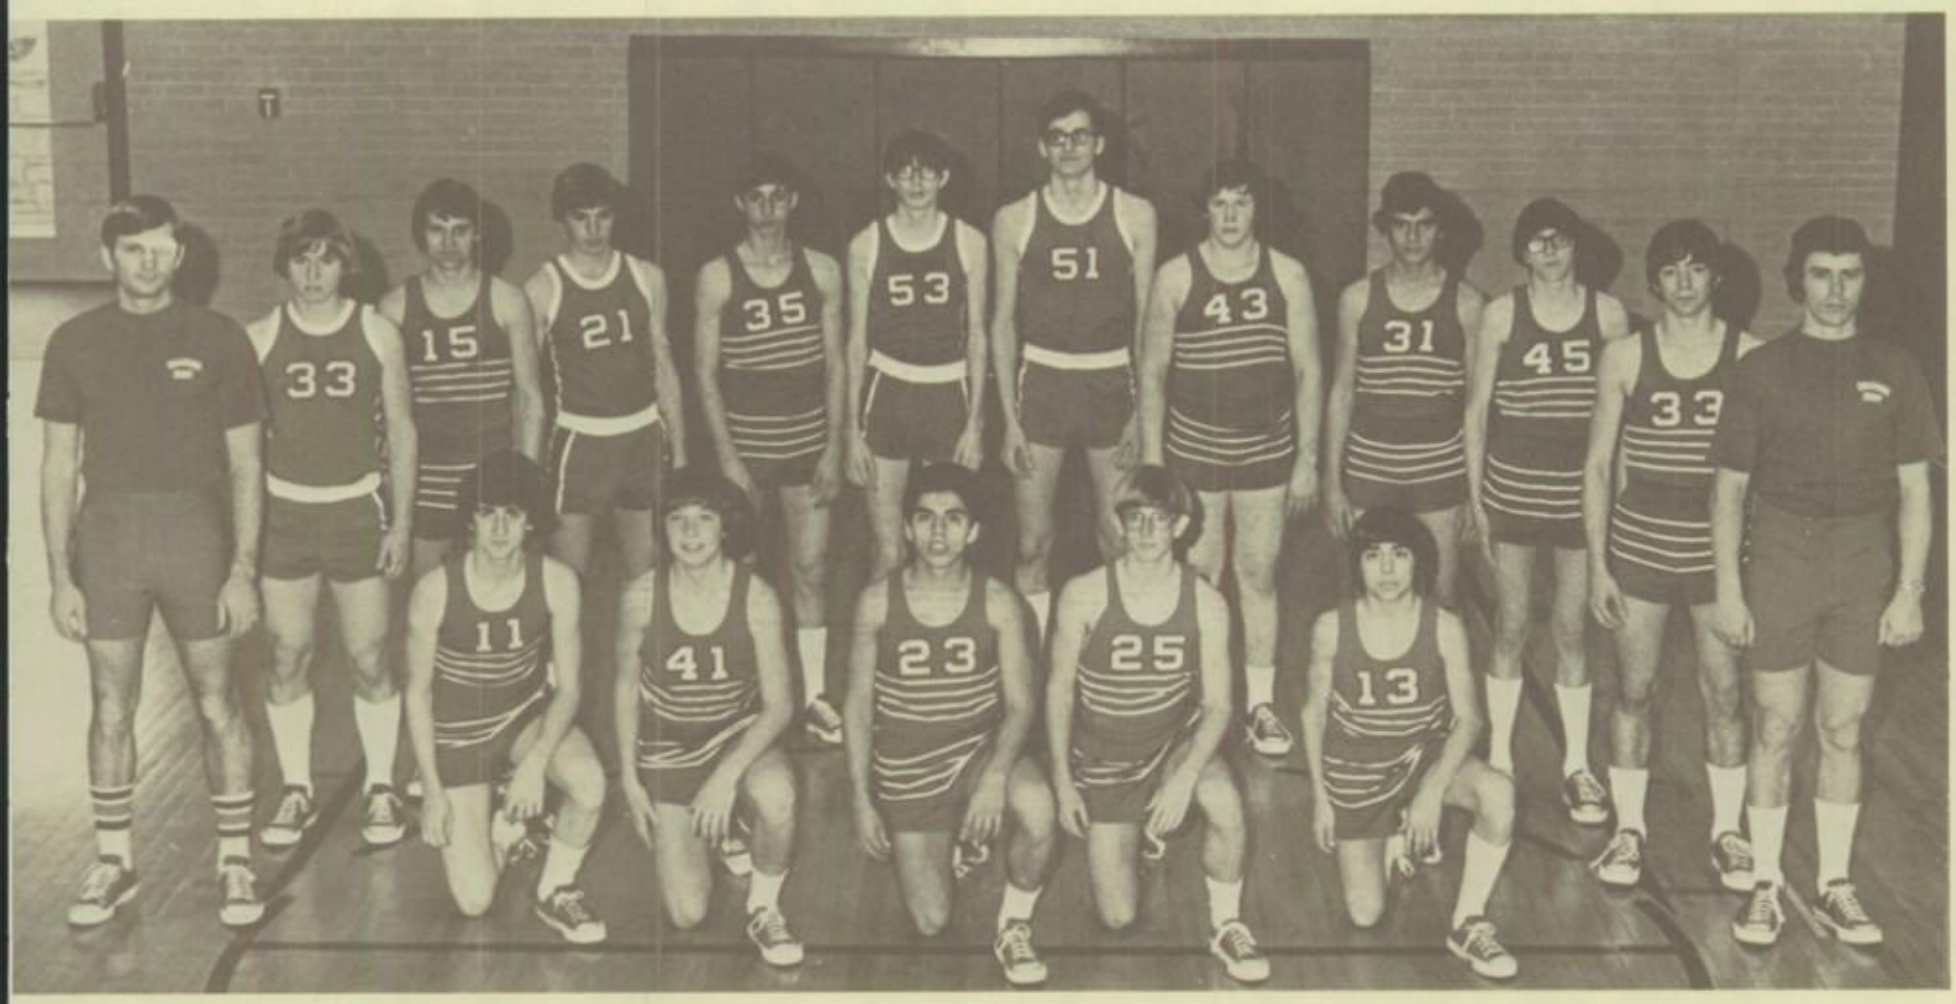
Eagles Win Title

The Eagles won the Chisholm Trail League championship for the first time since the 1970-71 season when the Eagles also won the league title and earned a trip to the state tournament with a 19-4 win-loss mark. This year the Eagles won 15 games and lost only 5, and compiled an undefeated record in league action.

Sporting a 2-2 record after successive losses to Larned and Bishop Carroll, the Eagles proceeded to win the next six in a row before being upset by Ellsworth 59-58 in the semifinals of the Mid-State Tournament. The Eagles lost only one more game to Kapaun-Mt. Carmel until the regional tournament. They came back the following Friday, beating Augusta to win the title, and trounced an old SKL rival, Medicine Lodge in the Homecoming game the following night by an 86-69 score.

Four Eagles were honored by league coaches following the season. Senior Curt Pickert was a unanimous all-league pick and also made all-state. All-league honors went to Larry Oeding, and all-state honorable mention as well, and all-league honorable mention went to seniors David McGuire and Max Clark.





1) Curt Pickert and Max Clark go after a rebound. 2) Varsity Basketball; Kneeling L -- R; J. Knapic, D. McGuire, D. Pettay, D. Taber. Standing L -- R Coach Linhart, L. Oeding, C. Pickert, L. Tetrick, K. Thomas, Coach Strong, G. Base. 5) Kelly Mason shoots a freethrow.

"The success of a basketball team centers around a number of things, one being the willingness of the athletes to participate fully. Our team primarily fulfilled this characteristic. Another necessary trait is unity, and our kids were united in that they played as a team and respected each other as individuals. A third trait needed is to be a citizen both on and off the court in which young athletes-to-be can identify with and our kids fulfilled this. Probably the most important characteristic is leadership. Our seniors, who we will miss, gave this, but we anticipate our teams in the future will continue to fullfill the same traits needed for a successful group." BILL LINHART

Golfers Compete

The Boy's Golf Team coached by John Hundley, was highly competitive throughout the season. Based on the meets the golfers attended this year, they were expected to finish very high in the Chisolm Trail League meet, but they (the six men team) wound up in a disappointing fifth. Next year's squad should get off to a very strong start, as all of its members will be returning with the exception of Mike Meisenheimer and Kelly Harbert.

Thinclads Complete A Successful Season

The Eable thinclads completed a successful season, with Dave McGuire and Chris Bayack placed high enough in the regionals to win a trip to the state meet at WSU. The Eagles were small in number, but the boys performed well throughout the season. With most of the Eagles returning next year, the Eagles should improve on their place finish in the CTL this spring.

Girls Begin Strong

"Our track season began with a big win and a first place trophy at Augusta and ended with a big win for Deb Mueller setting a new record at State in the 110 yd. hurdles in :14.67. Through injury Donna Ramsdale and Julie Reed were lost mid season which hurt our scoring ability. We have one senior, Denise Harbert, whom we hate to lose. She won 17 medals throughout the season. At one meet she decided to enter the half mile and placed.

Our team is a young team with 12 first year girls, 3 juniors, and the rest sophomores. We are looking forward to some big wins next year and another successful season."

Richert.

Seniors Lead Team

Dominated by seniors, including five returning lettermen from last year's league runners-up, there were hopes for a highly successful season for the Eagles. At the Pratt tourney the Eagles played well enough to finish third. The Eagles finished fourth in their own tournament, and placed third in the CTL meet. Curt Pickert proved to be the best singles tennis player in the league, as he won the singles championship. Lettermen this year were Seniors Dennis Kerschen, Mike McAdam, Dave Pettay, Curt Pickert, Alan Stucky, and Doug Thimesch, and Juniors Terry Nelson and Steve Richert.

Dear Staff,

In August of '75 when we first discussed this year's yearbook, I doubt if any of us had the end product in mind. I'd have to say for a novice staff you did a "darn good" job. You've made this a unique book, and also a unique experience. I'm proud of you. But I have just one question, "Where are my keys?"

Kahmeyer
